Private Execution in London—Ministerial Crisis in Brazil—Spanish Insurgents in Aragon—Turks Badly Beaten by the Cretans—Financial and Commercial.

[By Telegraph to the Pittsburgh Gazette.]

GREAT BRITAIN.

LONDON, August 13.—Maidstone Wells, aged eighteen, formerly a porter at the Dover Railway Station, was to-day hanged within the yard of his prison for the murder of the station master. The only persons who witnessed the execution were prison officials and a few reporters and private citizens. This is the first private execution which has taken place under the new law concerning capital punishment.

BRAZIL.

LISBON, August 13.—The regular mail steamer from Rio Janeiro has arrived. A ministerial crisis has taken place in Brazil. All the members of the Cabinet tendered their resignation to the Emperor. The Viscount Itaborahy was summoned by the Emperor and told to form a new Cabinet. When the steamer sailed the new government had been completed with Itaborahy as Prime Minister and was in successful operation.

FRANCE.

PARIS, Aug. 13.—*La Liberte* asserts that a new difficulty has arisen between the French Government and the Bey of Tunis. The *Courier du Devant* publishes the following news from Candia: A battle took place between the Cretan and Turkish troops on the 27th of July, in which the Turks were badly beaten.

SPAIN.

PARIS, Aug. 13.—Intelligence has been received that bands of armed insurgents have made their appearance in Aragon, at the town of Caspea. A detachment of Spanish troops have been sent in pursuit of the rebels.

PRUSSIA.

BRUSSELS, August 13.—The Prince Royal Leopold Fernando is confined to bed by illness, the result of which is doubtful.

FINANCIAL AND COMMERCIAL.

LONDON, August 13—*Evening.*—Consols 93¾@93¼ for money, and 93¼@94 for account. Five-twenty bonds 71⅝. Illinois Central 92. Erie 36½. Atlantic and Great Western 89½.

FRANKFORT, August 13—*Evening.*—U. S. bonds dull at 75¼.

PARIS, August 13—*Evening.*—Bourse opened firmer. Rentes 70 francs and 20 centimes.

LIVERPOOL, August 13—*Evening.*—Cotton closed firmer and prices advanced; sales of day ten thousand bales of middling uplands at 10d; do Orleans at 10¼d. Breadstuffs entirely unchanged. Lard firm, at 66s 3d per cwt. Other articles unaltered. Petroleum advanced to 10½d.

LONDON, August 13—*Evening.*—Linseed Oil declined 5s, closing at £32 15s per ton. Sugar 36c per cwt., duty paid. Other articles unchanged.

ANTWERP, August 13—*Evening.*—Petroeum quiet at 52 francs for standard white.

THE CROPS.

Cheering Reports from All Parts of the Country.

[By Telegraph to the Pittsburgh Gazette.]

NEW YORK, August 13.—Reports of crops by telegraph from all parts of the country are on the whole quite cheering. The wheat crop is larger than that of last year in West Virginia, Indiana, Ohio, Missouri, Kansas, Utah, Colorado, Montana Illinois, Iowa, Wisconsin, Minnesota, New York, Pennsylvania, New Jersey, Maine, Massachusetts, Connecticut and New Hampshire, and the quality is regarded as excellent. In Georgia, South Carolina, Alabama and Texas reports are not so good, the yield being indifferent. In Louisiana, Arkansas, Kentucky, Mississippi, Maryland, Southwestern Virginia, Central Tennessee, North Carolina, Delaware and Vermont the crop has been an averaged one.

The corn crop is very large, and the quality remarkably good. The yield this year will be fully one-third more than last. This is especially in Southern States.

Oats in Kentucky, Tennessee, West Virginia, Indiana, Missouri, Kansas, Ohio, Nebraska, Iowa, Wisconsin, Minnesota, Vermont, New York and Illinois, the yield is large, while in Louisiana, Mississippi, Georgia, Florida, South Carolina and other Southern States, it will not be more than an average. The rains have lately injured the crops in New Jersey, Pennsylvania, Delaware, Maryland and Maine.

The barley crop will be an average one.

Hay—more than an average crop will be realized. In Pennsylvania, New York, Indiana, Ohio, New Jersey, Dalaware and Maryland the yield will be very large and excellent.

Cotton—a full average yield expected.

Sugar promises well, but very little planted.

Fruits are almost a total failure, especially in the Middle States. The peach crop will not be half what it was last year.

The potato crop is generally large and good, but a heavy mildew and lice have killed the crops in Pennsylvania.

LOUISIANA.

Legislative Proceedings.

[By Telegraph to the Pittsburgh Gazette.]

NEW ORLEANS, August 13.—In the Senate, yesterday, the committee to whom the matter was referred, reported favorably on Mr. Jewett's resolution, of the 7th inst., calling for the committee to obtain from Governor Warmoth all information respecting the murders and outrages which he mentions in his letter to the President, with an amendment providing that the same committee investigate the riots of 1866. A communication from the Governor was presented at the same time, requesting the said committee to be appointed.

A notice was given that Mr. O'Hara would introduce a bill abolishing the fire department of this city.

The Senate adopted a resolution allowing the contestants of the seats of the Democrats sitting as members, who were confirmed yesterday, their *per diem* from the commencement of the session to the date of the decision, as the ground of the contest was inelegibility. Two of the contestants are colored.

POLITICAL.

Gov. Seymour Makes a Speech.

[By Telegraph to the Pittsburgh Gazette.]

UTICA, August 13.—The Convention of Oneida county, New York, Democratic and Conservative soldiers serenaded Gov. Seymour to-night at his headquarters, Butterfield House. There was a vast assembly in front of the hotel. After the music, Gov. Seymour was introduced by Gen. James McQuaide, and was received with immense cheering and spoke as follows:

"*Soldiers of Oneida county:* I thank you for this mark of your good will. I know better than most men the character of the services rendered by our soldiers in the late war, I gave them more than 15,000 commissions. It was my official duty to mark their upward progress in rank as they gained honors in the field. It was also my sole duty to record the loss of life of many of those with whom I had had pleasant intercourse in the Executive Chamber. I saw your regiments as they went forth to war with ranks filled with men in the vigor and prime of manhood. It was my official privilege to thank them in the name of the State when they returned with thinned ranks and torn banners, which were made glorious by the proofs that they had been borne by brave men into the thickest of the fight. It is a pleasant thing amidst all the harshness of a political canvass to receive these tokens of good will and confidence from those who have shown their patriotism on the battle field and in return I pledge myself in whatever station I may be placed, in public or private life, to struggle for the restoration of that Union for which you have periled your lives. In the contest of arms and in our struggle for constitutional rights we are strengthened in our convictions of duty by the fact that a majority of our soldiers uphold us in this political contest. In the course of my life I have received many testimonials from political friends as well as from political opponents from their sense of the services which I have been able to render to our State and our country, but none touch my heart so much as those proofs of respect which come from my neighbors, and particularly those given by men who have served our country in the ranks of the armies."

Governor Seymour retired amid enthusiastic cheers. Hon. Samuel J. Tilden was also introduced and made a brief and encouraging speech. He was followed by Hon. A. J. Rogers, of New Jersey. Hon. A. R. Fellows, of Arkansas, spoke at some length, and was followed by Hon. Francis Kernan, of Utica.

DETROIT, August 13.—The Republicans dedicated their new wigwam to-night. The building was filling to its utmost capacity, and crowds, unable to obtain admittance, assembled in the street. Speeches were made by Hon. Jacob M. Howard, Hon. F. C. Beaman, Hon. H. P. Baldwin, and others. Much enthusiasm was manifested.

The nominations for Congress by both parties in Michigan have all been made and the campaign has fairly opened.

NASHVILLE, August 13.—The Republican State Convention nominated D. W. C. Gunter and H. H. Harrison, candidates for Presidential Electors; John B. Rogers, candidate for Congress for the State at large, long term, and T. A. Hamilton for the short term, and then adjourned *sine die.*

ST. LOUIS.

A Suit Against Gov. Fletcher by an Ex-Editor for False Imprisonment—Items of Interest—Disturbance by Democrats of a Republican Meeting.

[By Telegraph to the Pittsburgh Gazette.]

ST. LOUIS, Aug. 13.—Joseph A. Berry, formerly proprietor of the *Missouri Freeman*, published at Richmond, Ray county, has entered a suit in the United States District Court, this city, against Gov. Fletcher for false imprisonment. Berry complains that in 1867 he was imprisoned four days and while in prison was threatened with hanging unless he would sign certain papers retracting the criticism he had published on Governor Fletcher's policy in what is known as the "Lafayette County War," and that he was compelled to sign the said paper to save his life; that his press, a quantity of type and all the appurtenances of his printing office, were seized, for which, with other wrongs and injuries, he asks indemnity in the sum of $50,000.

Adjutant General Thomas, who has been stopping here for a day or two, leaves in the morning for Leavenworth on a western tour of inspection.

Colonel McClurg, the Radical candidate for Govornor, arrived here to-day and addressed a large meeting in front of the Planters' House this evening. While he was speaking a Seymour and Blair flag was unfurled before him. Subsequently the flag was cut down by some one in the crowd, which produced great excitement, and fears of a riot were entertained. A large force of police were immediately upon the ground and made numerous arrests which reduced the excitement and restored order.

SOUTH CAROLINA.

Respect to the Memory of Thad. Stevens—Legislative Proceedings.

[By Telegraph to the Pittsburgh Gazette.]

COLUMBIA, August 13.—In the Legislature to-day resolutions were adopted expressive of the bereavement caused by the death of Thaddeus Stevens. The desks of Speaker and President respectively were draped in mourning, and will so remain for thirty days. It was announced in secret session that a loan could not be effected until the tax bill was passed. The Homestead bill was passed. The Governor vetoed the bill reducing the bonds of the State officers, and the Senate sustained the veto.

Georgia Legislature.

[By Telegraph to the Pittsburgh Gazette.]

ATLANTA, August 13.—In the Senate today Bradley, the colored Senator from the First District, was declared ineligible by a vote of thirty to five. Bradley declares his intention of running for Congress for the same district.

Both Houses passed resolutions ordering elections in Telfair and Irwin, the two counties not yet represented in the State Government.

A bill passed the House allowing persons on trial for felony to make statements, without being sworn of their faith, in the cause, the jury to give such weight to the same as they deem proper.

A Successor to Gen. Halpin Appointed.

[By Telegraph to the Pittsburgh Gazette.]

ALBANY, August 13.—Governor Fenton has appointed Gen. Patrick H. Jones, present clerk of the court of appeals, register of the city of New York, in place of Gen. Halpine, deceased. It is understood the fees of office until the 1st of January, will be passed over to Mrs. Halpine by Gen. Jones.

The Remains of Mr. Stevens—Funeral Obsequies To-day—Indian Affairs—The Printing Bureau—Customs Receipts.

[By Telegraph to the Pittsburgh Gazette.]

WASHINGTON August, 13, 1858.

REMAINS OF MR. STEVENS

The remains of Mr. Stevens were carried at noon to-day, from his late residence to the Rotunda of the Capitol, where they will lie in state until eight o'clock to-morrow morning, when his funeral obsequies will take place. The body was attended by a detachment of Butler's Zouaves, a colored military organization of this city, under Captain Hawkins, and preceded by Gen. Eakin, Sergeant-at-Arms Brown, Senator McDonald, Dr. Gray, Chaplain of Senate, and a few personal friends of the deceased, and were followed by some forty or fifty others, principally colored. The coffin was carried by Messrs. Chauncy Rose and other employes of the House of Representatives, aided by Lewis West Mr. Stevens' old body servant. Arriving at the Capitol, the cortegé filed into the rotunda between two lines of the Capitol police who closed in after it, excluding the crowd until the coffin had been placed on the stand prepared for it, under the centre of the dome and immediately in front of the plaster statue of Mr. Lincoln, and until the attendant soldiers had stacked arms and mounted a guard, when the public was admitted. Among those present were Senator Patterson, of Tennessee, Rev. Dr. Emory, and a considerable number of employés of both Houses of Congress, but the attendance was not large.

The Councils of this city met in joint session to-night and passed resolutions of respect to the memory of Mr. Stevens, and a committee was also appointed, one from each ward of the city, to accompany his remains from here to the place of their final interment at Lancaster.

This afternoon a large crowd were in attendance at the rotunda of the Capitol to view the deceased statesman, and many are still visiting the remains to-night. The entrance to the rotunda is being kept open. The coffin is of rosewood, covered with fine black cloth and lined with white satin. On the lid is a large silver plate bearing the following inscription: "Thaddeus Stevens. Born April, 1792. Died August 11th, 1868, at midnight." The plate is in the form of a shield, handsomely chased, and around it is a row of seven tacks. Upon each side are three very heavy silver handles, the hinge portion being the national coat-of-arms, and an eagle is emblazoned on the handle. The coffin is heavily trimmed with silver, and upon the lid rests a beautiful chain of white ribbon. The features of the deceased have changed but very little, and he looks quite natural, though emaciated by his illness. The mouth and eyes are closed, but the eyes are somewhat sunken and the right temple is a little dark.

The funeral services are to be held at eight to-morrow morning in the rotunda, and the body will be carried to the depot escorted by the colored Zouaves, which are acting as a guard of honor, and preceded by a colored brass band from the neighboring city of Georgetown. The train in which his remains are to be placed will leave here at ten in the morning, to connect with the 12:10 train at Baltimore for Little York, Penna.

INDIAN AFFAIRS.

The Commissioner of Indian Affairs has received a report from Indian Superintendent Thomas E. Murphy, dated at Chison, Kansas, August 6th, enclosing two letters from John E. Tappan, who was a member of the late Peace Commission, dated respectively July 13th and 25th, and stating that the Kiowas had delivered up to him a boy about four years of age and a girl about thirteen years, and that he had handed them over to Gen. Alfred Sulley, commanding the district of Upper Kansas. The Camanches had also delivered up to agent Wyncoop, without ransom, a girl about nine years old. The Camanches still hold one boy who they have promised to deliver up to their new agent when he gives them their annuities. They say positively this is the only white captive now held by the Kiowas and Camanches.

The boy, named Thos. Bailey, was taken at the time Dick Freeman was captured, in October last. They still hold Freeman. The Indians and whites at the agency gave three horses and a pair of revolvers for the release of Bailey. At the same time it was ascertained that the Camanches have been secretly to Texas and killed one man and captured three boys and one girl named M'Eloy Mahew. The Chief acknowledged that he had five more captives in camp. In a conversation with Jennie, a squaw, residing at the agency he stated he had nine, two were chiefs, however, one belonging to the Noconee band and the other to the Antelope skinner band. He says they know he has eleven in his camp and that there is a party of Camanches who number twenty-one now on a raid in Texas. Another band of that tribe was expected at the agency every day from Texas.

THE PRINTING BUREAU.

S. M. Clark, Chief of the Printing Division of the Treasury Department, has been granted leave of absence by the Secretary, during which the Bureau will be in charge of G. B. McCarter, General Superintendent of the Treasury Building. The Committee appointed by the Secretary of the Treasury to investigate the affairs of the Printing Division report its accounts correct and every dollar satifactorily accounted for.

CUSTOM RECEIPTS.

The receipts of customs from the first to the eighth inst. are over $3,639,205.

Important Railroad Meeting.

[By Telegraph to the Pittsburgh Gazette.]

SARATOGA, August 13.—A meeting of railroad officers and managers of the Red and White freight lines between New York, Boston and St. Louis, was held at Congress Hall to-day. The following gentlemen were present: W. H. Vanderbilt, of Hudson River Railroad Co.; M. Chapin and Wm. Bliss, of the Boston and Albany; John Newell and J. Drullard, of the New York Central; William Williams, and B. F. Smith of the Buffalo and Erie; J. H. Devereaux, T. A. Hills, of the Cleveland and Columbus; Phillips, of the Michigan Southern; Butler, of the Little Miami; L. M. Hubby, of the Cleveland, Cincinnati, Chiaago and Indianapolis; H. W. Hibbard, of the Terre Haute and Indiana; Otis Kimball, of the Red Line, and George Darling, of the White Line. Measures were adopted with a view of securing the perfect working of the lines.

GRANT AND COLFAX.

Grand Republican Rally in Allegheny—Mass Meeting in the Diamond.

The Republicans of Allegheny City assembled in vast numbers on the north-east square of the Diamond last evening. The meeting was one of the largest and most enthusiastic we have seen for a number of years, and notwithstanding the large crowd that were gathered around the neat and comfortable speaker's stand which has been recently erected there, the most perfect order prevailed. The German Turner Band had been engaged for the occasion, which, in connection with Prof. Pope, furnished excellent music during the evening.

The meeting was called to order by Mr. John A. Jennings, upon whose motion the following officers were elected:

President—James M. Cooper.

Vice Presidents—Captain O. O. Phillips, Hon. George R. Riddle, James Park, Jr., Felix R. Brunot, George Black, Joseph Kirkpatrick, Gotlieb Wettach, and George Moul.

Secretaries—Alexander Patterson, Captain B. H. Jennings, Colonel L. W. Smith and reporters of the Republican press.

Prof. Pope was then introduced and favored the audience with a song entitled "The U. S. Race," which was loudly applauded.

COL. COOPER'S ADDRESS.

Mr. Jennings then introduced the Chairman of the meeting, Col. James M. Cooper, who said:

FELLOW-CITIZENS—I feel greatly honored in being called upon to preside at this grand rally of the true and loyal men of Allegheny.

As there are several distinguished speakers to address you, I shall not indulge in any extended remarks of my own upon the great issues involved in the important contest which is now going on throughout the length and breadth of the land. It is a contest, my friends, full of the most tremendous consequences to you and to your posterity; for in this contest we shall know whether we are to lose the fruits of a four years costly and bloody civil war and whether the traitors, who were subdued by our victorious arms, instead of being vanquished were themselves the victors.

We are to determine whether our heroes have died in vain, and whether our maimed and disabled soldiers have been hacked to pieces, and pined in rebel prisons and become ruined in health all for naught. We are to discover whether the thousands of millions of treasure, and the vast debt entailed upon us by the rebellion have been a mere waste of money, and whether the broken hearts, and the sufferings of our widows and orphans can be soothed and comforted by the rejoicings of the rebel crew and their northern allies over the final success of the "Lost Cause."

You have the same old enemy to contend with, in front and rear; the same bastard Democracy which you have so often baffled and defeated in times past; still as hungry as ever for the spoils—as ardent and determined in the pursuit of office and the emoluments of place.

The issues are made up in the respective platforms of the two great contending parties. On the one side, in the words of our great leader, we say "LET US HAVE PEACE." On theirs, in the language fairly construed by Frank Blair, their out spoken candidate for the Vice-Presidency, it is: "LET US HAVE WAR," unless Congress shall submit to their insolent demands.

We call for the maintenance of the nation's honor and good faith in the eyes of the whole world. They openly advocate repudiation and national disgrace. We contend for equal rights for all the freemen of this land, native or of foreign birth. They would return to bondage four millions of loyal citizens for no crime but the color of the skin—or if not remitted back to slavery—they would deny them all the rights of freemen, with ut which slavery would be the happier condition.

Let us never forget that we owe this down-trodden race a lasting debt of gratitude for the 200,000 brave and loyal hearts that stood between us and the traitors, who were armed for our destruction, and that the hands which wielded the muskets in our defence must never again wear the shackles that were stricken from them by the nation's martyr—our own lamented Lincoln.

The chosen standard bearers of the two parties are fittting representatives of their respective principles.

In Gen. Ulysses S. Grant we have a leader worthy of our cause. Prudent and wise in council, as brave and successful in the field; a man modest, yet firm; invincible in arms, yet submissive to the laws; the greatest hero of modern times, yet remarkable for his child-like simplicity and earnest patriotism.

In Schuyler Colfax we have a statesman of ripe experience and sound judgment, of pure and lofty character and eloquent in speech; whose record is without a stain, and before whom the tongue of slander is silent and the traducer stands abashed.

Opposed to them are Horatio Seymour, the wily politician and the accomplished demagogue, and the renegade Frank Blair, both of them nominated under circumstances of such questionable propriety, even amongst so-called Democrats, as to leave a painful impression on the minds of the more upright members of the party that the whole thing was a stupendous fraud, and that such men as the traitor Vallandigham and the rebel Generals Preston, Wade Hampton, and Forrest, the butcher of Fort Pillow, had made their ticket and their platform for them.

Be that as it may, the platform and the ticket are worthy of each other, and I give them joy of both.

If, with such a cause and such leaders as the Republican party present, in contrast with those of the Democratic party, we cannot succeed in the coming Presidential election, God help the nation, for I fear we shall be almost past praying for.

But I do not anticipate any other than the most glorious results from the elections this fall. See to it, my fellow-citizens, that each man does his whole duty, and all will be well.

Let us poll our full strength, and the defeat of the enemy will be so overwhelming and complete, that we may hereafter "sit down under our own vine and fig tree, with none to make us afraid."

Having now given you the text, I invite the preachers of the true faith to come forward and exhort the people according to the Republican Gospel.

Prof. Pope was called out again and sang "The Two Copperheads."

GEN. HARRY WHITE'S REMARKS.

The Chairman then introduced General Harry White, of Indiana county, who, he said, had enjoyed "Southern hospitality" in Libby prison, and proposed three cheers for him, which was responded to with a will.

Gen. White said, after thanking the audience for the kind reception they had given him, that when he came to the city he had no idea of being called upon to talk to such a sea of heads as he saw before him. He came to the city as a member of the State Executive Committee, but had been captured and literally dragged before the meeting. Although the campaign had been open for some weeks the Republicans were, in a measure, slow to take the initiative. Away up in the mountains, in the county from which he came, which claimed a close relation with Allegheny county, his friends were waiting patiently for Pittsburgh and Allegheny to lead off in the campaign and they would follow. He could now go home and tell his friends to buckle on the armor and enter the fight in earnest, that Pittsburgh and Allegheny cities were aroused, the camp fires were lighted and would be brightly burning until a glorious victory crowned their labors.

The Republican party was created twelve years ago from a political necessity under the shadow of old Independence Hall, where the great charter of the people's liberties was framed, and the great object of that party since its establishment has been to have a Government under which all men would be free, and one that would protect all alike in the exercise of their natural rights and liberties. It was truly the people's party, and since its organization has labored to protect the oppressed against the oppressor. It has wiped the acursed institution of slavery from the land, and in twelve of the States of the Union, and all the broad territories of the land, the elective franchise was extended to all men, independent of color or caste.

When the Republican party came into power in 1861, it found a divided Union and an empty treasury. The Democratic party through James Buchanan had surrendered one-half of the Union to the rebels, and the country was filled with a currency in which there was no confidence. In the year 1868, with seven years of Republican rule, the country was united, and in a better financial condition than in 1861. The party found itself to-day standing on the ruins of a rebellion of four years, and in the midst of a political campaign upon the result of which, the life of the nation in a measure depends. He firmly believed that if the Republican party should fail to place Gen. Grant in the Presidential chair, the liberties and the Union of this once glorious land would be in danger of destruction.

This great national party to which the nation was indebted for its present existence, is charged by those who sought the country's ruin with despotism. During the war, when the nation was struggling for existence, it became a necessity to clothe the President with certain arbitrary powers in order to protect the government against its enemies, and when those powers were exercised the party was called despotic. When the rebellion had been crushed, the war ended by the surrender of General Lee to General Grant at Appomattox Court House, and peace once more reigned throughout the land, Andrew Johnson, through the assassination of Lincoln, became President, and Congress saw fit to take from the President those prerogatives granted during the war, in order to guard against despotism, the same men cry out against it who before charged the party with being despotic. "Oh! consistency thou art a jewel." The speaker, after discussing the propriety and necessity of the passage of the reconstruction acts, referred to the record of General Grant, and after giving in detail the record of Seymour, contrasted it with that of Grant about the time of the New York riots. While Grant was at Vicksburg dictating to the commander of the rebel forces the terms of surrender, Seymour was in New York addressing a mob, who, by his own teachings, had been incited into a resistance of the laws of the nation. After an eloquent appeal to the voters to attend the election and vote as their consciences dictated the speaker closed.

HON. GALUSHA A. GROW.

The President of the meeting then introduced Hon. Galusha A. Grow, Chairman of the Republican State Executive Committee.

Mr. Grow said: Fellow citizens—You stand to-day in peace as you stood four years ago in war. Your country was then on the verge of destruction, and in November, 1864, the election of Abraham Lincoln to the Presidency gave a death blow to the rebellion; secession was dead, and peace reigned throughout the land. The same men who threatened the life of the government then, again threaten it and will continue to create disturbances and confusion, even though it be at the sacrifice of our government, until after the approaching election.

For four years the country shook with the tread of armed men; three billions of treasure was wasted and the land was drenched with the best blood of the nation to save the life of the best government that God ever gave to man. What caused this great sacrifice of human life and expenditure of treasure? You find the answer in the Democratic party—the same party which now presents Horatio Seymour as a candidate for the Presidency, and asks you to support him. In 1860 Abraham Lincoln was duly and legally elected President of the United States by the popular vote of the nation, and no sooner was the result of that election made known, than the people of the South, the same who aided in the nomination of Seymour and Blair, appealed from the decision of the people of the nation and took up arms against the Government. Four years of bloody war was the result, during which the life of the nation depended upon you, the bone and sinew of the north. The rebellion was finally crushed, and the Government, with magnanimity never before heard of, endeavored to forget the traitorous acts of its enemies and extend to all a full and free pardon, providing only that those persons who had held office under the national Government and taken an oath to support the Codstitution of the United States, and had violated that oath by taking up arms against the Goverment, should never again hold office under the Government they attempted to destroy. After a brief reference to the results of the war, and the causes of the present unsettled condition of the country, which he attributed to the Democratic party, the speaker turned his attention to the financial question.

The Democratic party have heaped a debt of twenty-five thousand million upon the country which they propose to pay off immediately. How would it be done? Their favorite theory was "greenbacks for bonds." Suppose we pay the bonds in greenbacks, what are the greenbacks to be paid in? The government, in order to save itself from the destruction into which the Democracy would have plunged it, was compelled to issue twenty thousand millions in bonds, upon which they raised money to carry on the war. These bonds are merely promises to pay that amount of money with a condition attached called a coupon, promising to pay the interest until the principal is paid. Suppose we issue twenty thousand million in greenbacks to pay the bonds, what will be the result? We will have an inflated currency so depreciated in value as to totally destroy the national credit and gain nothing by it in the end, as the greenbacks are merely promises to pay, and must be redeemed in gold. But, says the Copperhead, "We get clear of the interest on the bonds." If that is what you want, it can be attained at a much less expense than upon the plan you propose, and in a manner that will not so materially affect the credit of the country and the transaction of business. Suppose that the Secretary of the Treasury issues an order that all persons holding the bonds of the Government shall present them for payment on or before a certain date, and when you, having a bond for one thousand dollars with coupons attached present it, the Secretary instead of giving you a thousand dollars in greenbacks, according to the Democratic theory, shall take his scissors and clip the coupons off and return you the bond, you will still have the promise of the Government to pay one thousand dollars, and the Government will save the expense of printing the greenbacks. But you say it would not be right to take the coupons without compensation. Is not that what is proposed by the Pendleton theory? The bonds are to be paid in money, and greenbacks are only a promise to pay, consequently they must be paid in coin.

Greenbacks are like the bonds, simply a promise to pay so much money, and are a legal tender, between individuals. That is if I owe you a debt I can discharge my obligation with the paper of the government just as I could with the paper of an individual, and so far as our transaction was concerned the debt would be paid, but not so with the obligation of the government, as it would still owe you five dollars. Consequently, the government can not discharge its own obligations with greenbacks, no more than an individual can pay his debts with his own paper, the acceptance of which would be at the pleasure of the creditors.

The speaker then turned his attention to the question of taxation, which he handled in a masterly manner, but at such length as to prevent us from publishing it in full. He held that the taxes were paid by the rich men of the country, and that it was the policy of the Republican party to have them pay instead of taxing rich and poor alike, as the Democratic platform suggested.

Bonds were exempt from local taxation as a matter of necessity, for if you give local governments the power to tax them, they would soon tax the national credit out of existence. The bondholder pays a national tax on his income. He then referred to the condition of the finances of the State, under Republican rule, and said that the State debt had been reduced over $4,000,000 since 1861, besides paying the expenses of the war, and that the tax on real estate for State purposes had been abolished.

After some further remarks, the speaker closed, amid cries of "go on!" "go on!"

The band then played a national air, Prof. Pope sang another song, and the meeting adjourned.

NEW YORK ITEMS.

[By Telegraph to the Pittsburgh Gazette.]

NEW YORK, August 13, 1868.

No further developments of the disease among cattle have been received at Hudson City, and it is believed the only cases were those first noted, and which were effectually disposed of by slaughtering.

Mr. Queen, the stakeholder, yesterday declared the McCoole-Coburn fight a draw, and handed the latter, who was present, his half of the stakes.

Experiments on the wreck of the steamer Scotland shows its entire removal practicable. Large pieces of the wreck were blown away yesterday with powder. Part of the cargo was lifted bodily from the hull and floated off seaward.

The result of the conference between the Committee of Bricklayers and Master Masons, if any has taken place, has not yet transpired up to-day.

Seven hundred dogs were taken to the pound. The average in previous years was between two and three thousand.

The New York and Flushing Railroad has been purchased by Orange Judd, of the *American Agriculturist.*

Ellen Murphy, Charles Haley and Alfred B. Dowd were arrested on the arrival of the "Guiding Star," charged with forgery in California.

Hudson river, at Albany, is lower than for many years at this season. Several steamers have run aground at Castleton bar.

The officers of the Citizens Association have addressed a letter to the Governor of Wisconsin suggesting that an agent be kept in this city to co-operate with the Commissioners of Charities and Correction in sending able bodied laborers to Wisconsin. It is estimated that thirty or forty thousand emigrants could be sent annually to that State who could not otherwise find their way there.

BRIEF NEWS ITEMS.

—Baltimore is no longer threatened with another flood:

—General Canby has assumed command of the Department at Washington,

—Booth's new theatre will not be ready to open before the first of the year.

—Dr. Battle shot a man named Simmons at Cozzen's Hotel, West Point, on Sunday.

—Subscription books for stock in the French Trans-Atlantic Cable will be opened next Monday.

—Judge Hogeboom has denied the application to admit Gen. Geo. W. Cole, the murderer, to bail.

—General Schofield went to West Point Wednesday night to visit his family, two of his children being unwell.

—The town of Laporte, California, was destroyed by fire August 10th. The loss is estimated at half a million.

—At Alexandria, Va., Mrs. Richards, suffering from neuralgia, last night took an overdose of chloroform and died.

—The New York Democratic State Committee has appointed a State Convention to meet on September 2d at Albany.

—Luke P. Poland was renominated by the Republicans of the Second District of Vermont, for Congress, on Wednesday.

—Arrangements are being made in Baltimore to pay proper respect to the remains of Thaddeus Stevens when passing through that city.

—The yacht race, at New York, between the schooners Mattie and Martha, of twenty miles, for one thousand dollars, was won by the Mattie.

—Mr. Johnson has decided to support Seymour and Blair in the coming contest, while several members of the Cabinet favor Grant and Colfax.

—George Anderson, of Haddenfield, was drowned at Atlantic City Wednesday while bathing at the place where two little girls were drowned some weeks since.

—An unknown man, yesterday, while firing a revolver into some logs on Stanton street, New York, shot a little girl named Mary Tierney. The latter died shortly afterwards.

—The President denies that by the recent order of the Secretary of War he recognizes the *de facto* Goveenments of the South. He will at some time bring the question before the Cabinet for decision, and he believes that these Governments cannot be recognized as proper for the present.

The Pittsburgh Gazette.

THE COPPERHEAD.

Of all the factious men we've seen,
Existing now or long since dead,
No one was ever known so mean
As him we call a Copperhead—
A draft-evading Copperhead;
A rebel-aiding Copperhead;
A growling, slandering,
Scowling, pandering,
Vicious, States' rights Copperhead.

From him the decencies of life,
And all its courtesies, have fled.
He lives in fretful, factious strife—
A testy, touchy Copperhead—
A negro fearing Copperhead;
A rebel-cheering Copperhead;
An unlearned, unlicked,
Oft-spurned, oft-whipped,
Dough-faced, cringing Copperhead.

When "Save the Union" was the cry,
And thousands for the Union bled,
The Nation's right he did deny
To save itself;—this Copperhead—
A Son of Liberty Copperhead;
A Golden Circle Copperhead;
A scheming, lying,
Screaming, flying,
Mean, Canadian Copperhead.

When Southern miscreants designed
Their helpless prisoners' blood to shed,
And Libby prison undermined,
Who then approved? The Copperhead—
The soldier-shooting Copperhead;
The patriot-hooting Copperhead;
The war-abusing,
Aid-refusing,
Crime-excusing Copperhead.

Who scoffed at Pillow's bloody fray,
And Andersonville's murdered dead?
Who victory's hour did long delay?
The traitorous, treacherous Copperhead—
The crime-creating Copperhead;
Assassinating Copperhead;
The strife-exciting,
Wrath-inviting,
Death-delighting Copperhead.

When widows mourned their lonely lot,
And orphan children wept their dead,
Who said: "their just deserts they got?"
The Northern rebel Copperhead—
The widow-libelling Copperhead;
The grief-deriding Copperhead;
The false, conspiring,
City-firing,
Booth-admiring Copperhead.

Nor woman's grief, nor orphan's tears,
Nor e'en a nation's honored dead,
Are sacred from the jibes and sneers
Of every brutal Copperhead—
Each church-aspersing Copperhead;
Each preacher-cursing Copperhead;
Each Union-hating,
War-creating,
Repudiating Copperhead.

Crawl to your dunghill, viper, crawl!
For U. S. Grant, with conquering tread
Marches to crush the thing men call
In politics, a Copperhead—
A Democratic Copperhead;
A vile-fanatic Copperhead;
A murder-jeering,
Widow-sneering,
Assassin-cheering Copperhead.

—All the papers have published the provisions of the Funding bill. Quiggins says he wishes some one would give their attention to the finding of Funds for his Provision bill. It is but meat that they should do so.

—The municipality of Pesth have determined on having a gay old time in 1869, when they intend to celebrate the one thousandth anniversary of the foundation of the Kingdom of Hungary. Twenty-one years must elapse before that time comes, but a committee of preparation has been appointed.

—According to a late *on dit* current in Florence, a treaty of offensive and defensive alliance has been entered upon by Prussia, Russia and Italy against France and Austria. Should the allied arms be crowned with success, Italy would be recompensed with the annexation of Trieste, Istria and perhaps Southern Tyrol.

—It is a good thing for the treasury of Madagascar that a Queen does not die every day, as the obsequies of the Queen took place on the 13th of April, with the usual ceremonies. Her coffin was made of silver, and her crown jewels, silk and velvet robes, also all her most precious relics, were placed in the tomb. Three thousand oxen were distributed after the burial.

—It is quite horrible to hear of the various dissipations of the Prince of Wales, and to reflect that, sooner or later, he will be the head of a mighty empire. Some may think that, like Prince Hal, he will suddenly reform when he mounts the throne, but this is hoping against hope. Albert Edward is a man of years enough to have found discretion, he is the husband of an estimable wife, and the father of a family, and yet, instead of deporting himself properly or even decently, he seems to aspire only to being the maddest, stupidest reveller in Great Britain. He takes half of a theatre when Schneider has a benefit and appears before the audience in a state but little removed from beastly intoxication; he squanders immense sums of money, does dozens of wicked things and never a good or noble action. Prince Alfred is wilder than most young men, yet we see that Englishmen turn from the Prince of Wales to the young sailor and sigh that there is *some good* in him. The Prince of Wales may wear the crown of England some day, but we very much doubt his dying as King of that or any other realm.

Curious Feats.

It would appear that the Chinese jugglers really do swallow swords, and that there is no deception in this and other of their feats. The sword, for instance, does not slide into itself. A famous French physician lately experimented upon a Chinese conjurer, who swallowed a sabre nearly three feet long, and permitted an examination of his body while the blade was in its living sheath. Dr. Fournie, such was the anatomist's name, and those who were with him, were thoroughly satisfied with the honesty of the operation. They traced the point along its downward course, and felt it in the iliac regions, thirty inches from the swallower's mouth. So we may set sword and poker swallowing down as genuine feats of gymnastics. Ling Long afterwards took an egg into his mouth and appeared to swallow it. His gorge was, searched, and his neck probed, but the egg could not be found. The Chinamen swallowed a puff of tobacco smoke, and the egg came forth again. There was much discussion as to how it was disposed of. Dr Fournie thought that the act of swallowing was not completely performed; so, in a second experiment, he produced a laryngoscope and directed a powerful beam of magnesium light down the patient's throat, when, sure enough, the egg was discovered in a cavity or nest, which Ling Long had habituated himself by long practice to form, below the tongue in the laryngean regions.

Our readers will remember the explanation of making a boy disappear from a basket placed on the earth. The boy opens the bottom of the basket, and digs his way like a moal beneath the earth, which has previously been dug to the requisite depth, and then filled in again. Afterwards, the boy makes his way out. What will not men learn to do for money?

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE, THURSDAY, August 12, 1868.

Our markets are gradually improving, but the progress is very slow. Prices since our last are without change of any material import. The new crop of grain is arriving in small amounts, but not sufficient to have much effect in prices, and until after the sending time, the receipts will be limited prices unsettled. The market for bacon is very active and prices advancing. Flour is in fair request to supply urgent wants of of consumers. The receipts of produce are light but adequate to supply the demand at present prices.

GRAIN—The receipts of grain are light and the demand confined to current wants. Wheat is in better supply, but the only buyers are millers, who are fairly supplied with No. 1 at $2,10 to $2,15; No. 2 at $2, and White wheat at $2,15 to $2,20 per bushel. It requires a very choice article of new and red winter wheat to bring over $2,10 per bushel. New rye from first hands sold at $1,25 to $1,30 per bushel. No old offering and prices are nominally at $1,50 per bushel. Distillers are reported as offering for new rye $1,20 to $1,25 per bushel. From first hands we quote prime ear and shelled at $1,66 and out of store $1,10 to $1,12 per bushel. Oats are not as active as at the date of our last report, and we quote new from first hand at 60c to 65c, and from store at 70c to 72c per bushel. No old oats offering, but the few in store sell at 83c to 85c per bushel. No barley offering.

FLOUR—There is a fair demand for flour, but entirely confined to supplying wants of consumers. There is no speculative movement whatever in the market. The supply of good old spring wheat flour is very light and held higher. We quote from store choice spring brands $11,00; good spring brands, $10,50 to $10,75, and old winter wheat flour, $1,75 to $11,50 per barrel. From the Pearl and other city mills there is a fair demand, and we quote Double Extra in barrels at $11,00 and in sacks at $10,70 per bushels. Extra Family flour in barrels at $10,50, and in sacks at $10,20 per barrel.

RYE FLOUR—Sales at $9,25 per barrel, with a light demand.

PROVISIONS—There is a good demand for bacon and lard and prices are tending upward. We quote shoulders at 14c; rib sides at 16½ to 16¾c; clear sides, 18½ to 18¾c; S. C. Hams at 22 to 22¼c; and lard in tierces at 19¾c per lb. Mess pork sold at $30,50 per barrel.

LARD OIL—Market firm and unchanged at $1,15 for No. 2 and $1,45 per gallon for No. 1.

BUTTER—Under the influence of increased receipts the market is a little dull, and prices are barely maintained, ranging from 30 to 33 for good to prime.

EGGS—Continue exceedingly dull, with a supply largely in excess of the demand, and we now quote at 16 to 18.

CHEESE—Is quiet and unchanged at 14 to 15 for Western Reserve and Hamburg 16 to 17 for Factory; and 19 to 20 for Sweitzer.

HAY—Is selling from country wagons at 20 to $28, for common to prime new crop.

POTATOES—Market dull, with large receipts, at $3,00 per barrel from store.

GREEN APPLES—The receipts are liberal and prices drooping. The best in the market was offered at $5,00 per barrel. We quote at $3,00 to $5,00 per barrel, as to quality.

PITTSBURGH PETROLEUM MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, THURSDAY, August 13, 1868.

CRUDE.

The market was in a very complicated condition to-day, and while some dealers regarded it as being firmer than it was yesterday, others could see but little difference. The sales reported were: 500 bbls on spot at 13¾c; 1000 bbls seller's option until September 10th at 14c; 4,000 bbls to be delivered on cars at Oil City at $5,25—(43 gallons to the barrel.) There was a sale of 500 bbls reported on spot at 13c, but there must certainly have been something behind it, as we do not believe that any one would be foolish enough to sell at 13c, when buyers could be found at 13¼c, and as will be seen above we have a sale at 13¾c. We are cognizant of a sale having been almost consummated at 14c for August and September, but for some cause or other it fell through. Oil City has fallen off 25 cts per bbl, our sales to-day being $5,25, the lowest point reached for some time.

REFINED.

The market for bonded oil was also unsettled and irregular, and scarcely any two dealers made the same report. Some thought that the market was dull and considerably demoralized, while others contended that a better and firmer feeling prevailed than on Wednesday, and we are inclined to believe that of the two the latter were nearer right. It seems that the reports in circulation yesterday, to the effect that there were offers to sell in New York for August at 32 to 32½c were not correct, and were evidently gotten up for effect. The sales reported to-day were as follows: two lots of 500 each, on spot, at 33¼; 500 last half of September at 34; 500 spot at 33; 500 September at 34¼, and 500, October at 34½.

Financial Matters in New York.

Gold Closed at 147¾@147¾.

[By Telegraph to the Pittsburgh Gazette.]

NEW YORK, August 13, 1868.

MONEY AND GOLD.

Money more active, with an increased demand on call on 3@5 per cent., mostly 4@5. Offerings of business paper at the banks are increasing and the rates of discount hardening. The banks report more demand from the interior for money to move the crops. Stringency is not probable, but it is not unlikely we shall have an active market at 6@7 per cent. inside of thirty days. Two or three millions go West this week. The enormous amount in the Bank of France of $25,000,000 occasions speculation, and there is some belief that the French Government has ordered the purchase of gold in preparation for war. Sterling dull at 109¼@109¾. Gold active, higher and opened at 147¾, and fell to 147¾, and advanced to 147¾, and closed at 147¾@147¾. The shipments to-day were $269,957, mostly to Havana. Loans were made at 2@3 per cent. for carrying and flat for borrowing.

GOVERNMENTS

RIVER NEWS.

The metal mark last evening only indicated twenty inches of water, while it is claimed that there are over thirty inches in the channel on the left of Brunot. The weather continues clear and pleasant and appareutly settled.

No arrivals or departures below the Monongahela Bridge, with the exception o the Allena May for Parkersburg, nor is it likely that there will be until there is more water.

The Camelia which boat left here for St. Louis on Wednesday, drawing thirty inches, succeeded in getting through, thus furnishing conclusive evidence that there is more water than our marks here indicate. Would it not be well for some of our steamboat pilots to get together and have the marks corrected?

—The Mattie Burnes, sunk above Cairo, was insured for only $4,000, all in St Louis.

—The War Eagle, which sunk a short time since below Dubuque, has been raised, and has gone to Dubuque for repairs.

—The Continental arrived at New Orleans on the 5th with 15,371 packages, including 5,589 bbls of flour and meal, 312 bbls pork, 1,602 sacks oats, 2,470 sacks bran, and 1,476 sacks corn.

—The Louisville *Courier*, of yesterday, says: Capt. Dick Varble yesterday bought two-thirds of the little tug W. J. May from Ben. Rankin for $3,500. Captain Dick will use her as a harbor boat.

—The Tempest, bound for Louisville, in coming out of White river, struck a log at Grand Glaze, which knocked a hole in her hull 7 feet long. She was run on a bar to keep from sinking, and a bulkhead was built around the hole, which enabled her to proceed on her trip.

—Captain Frank Hick's residence, thirty miles from Memphis, on the Memphis & Charleston Railroad, was entirely destroyed by fire Friday night. The building was recently erected at a cost of $13,000, and was thoroughly and elegantly furnished. Captain Hicks has been twice a sufferer by fire on the river, being interested in and commanding two boats that have burned in the past two years.

—One day last week, Colonel Joe Osborne, of the Memphis Packet Company, and Captain Lockhardt, of the Julia, had a violent encounter on the Memphis wharf-boat. The parties were separated by mutual friends, but not until the handsome countenance of the Colonel was slightly disfigured. The wounds are not of a dangerous character. There is a great disparity in the weight of the antagonists, which accounts for Joe being worsted. He has the courage of a lion and the tenacity of Dick Love's bull-dog,

—A Louisville telegram under date of Tuesday says: River rising slowly, with 5 feet 9 inches water in the canal, and 3 feet 9 inches over the falls in the pass. The Grand Lake ascended the falls for Pittsburgh. The R. C. Gray arrived from St. Louis. She brought up the freight of the Louisville. She has 634 sacks corn and 650 tuns railroad iron for this place. The actual receipts of coal from Pittsburgh on the last run included 12 tow-boats with 70 barges containing in the aggregate 700,000 bushels of coal.

—We clip the following from the Cincinnati *Commercial* of Wednesday: It is with the deepest regret that we inform the readers of the *Commercial* of the death of Capt. George D. Hoople, Superintendent of the Memphis and Cincinnati Packet Company. Capt. Hoople was a veteran steamboatman, and a very social and agreeable gentleman. His loss will be deeply felt by a large number of his relatives and friends. He has been confined to his home in Newport for some time, and expired at noon yesterday. The flags of the steamers at the wharf were displayed at half-mast, yesterday. The funeral takes place to-morrow morning at 11 o clock, from his late residence in Newport.

—The St. Louis *Democrat* of Wednesday says: Capt. Thomas B. Rhodes, one of the veterans of the Northern packet line, leaves in a few days for Pittsburgh, where he will leave orders for the construction of at least one first-class, swift sidewheel steamer for the St. Louis and St. Paul trade. Said steamer will be of the same dimensions of the Dubuque, one of the best boats now in the trade, and will be superior to that boat in several particulars. The numerous frends of the Northern line will be gratified by this evidence of success and enterprise.

GOLD closed in New York yesterday at 147¾.

HON. CARL SCHURZ will speak in this city August 24th; Johnstown, 25th; Lancaster, 26th; Reading, 27th; Pottsville, 28th; Philadelphia, 29th and 31st; Allentown, September 1st; Wilkesbarre, 2nd, and Scranton, 3rd.

THE next important State election takes place in Vermont September 1st; California follows on the 8th, and Maine on the 14th of the same month. In October and as late as the 3d of November, some twenty other State elrctions are also to be held, and the whole campaign will terminate with the Presidential struggle in every State of the Union.

THE Southern rebel press are frequently reporting the "telling and eloquent" speeches of "colored orators," delivered before Democratic audiences—white and black. It would be a good thing if the opposition would import one or two of these Democratic orators into this county, to support the miscegenation ticket with speeches in favor of a white man's Government.

IF ANY OF OUR Republican friends have suffered themselves to be persuaded that the President would forego all his objections, to the plan upon which seven of the Southern States are now restored to the Union, or that he would hereafter co-operate cordially with these new governments in the maintenance of their legal authority, they were simply mistaken in the man, and remarkably oblivious of the consistent obstinacy which has marked three year's opposition. Reports have been plenty, of late, that Mr. JOHNSON had expressed his determination to reorganize these governments as altogether legal, and to uphold them as such with the Federal authority, but we have hesitated to pin our faith upon these rumors. We are prepared to believe that he will desire to avoid, as far as possible, anything in the shape of a direct issue with Congress, but, beyond that, he will not, even passively, commit himself by the surrender of those views which have heretofore marked his administration. He will sustain reconstruction just so far as official necessities shall require—and no farther.

WE commented very recently upon the policy of proscription, which the Southern rebel orators and journals are advocating with a hope thereby to drive the colored voters into the support of the Democratic ticket. Remarking that an employer, who would thus attempt to coerce a black voter, would need only the proper inducement to apply the same tactics of intimidation or bribery to his poorer white neighbors, we pronounced it a flagrant and decisive proof of the underlying principle of Aristocracy which controls that party. Mr. WADE HAMPTON, who has achieved much celebrity, of late, as an orthodox exponent of Democracy, now comes to make our point good. In his latest Columbia speech, he says: "Let us not employ in the future, any one, white or black, who gives his aid to the Republican party." It is impossible to deny that this means proscription for opinion's sake; that the poor man shall vote as his employer directs, or lose his situation. A well known Democratic leader defends the principle, but we ash our Democratic readers, one and all, if they sustain it, or if they can continue to adhere to a party which avows this abominable claim, to interfere with the political opinions of any voter who chances to be so poor that he must labor in the employ of another. HAMPTON'S speech, from which we quote, is published in full and editorially praised in the New York *World* of the 11th inst. Read it and reflect upon it, workingmen!

THE TWENTY-THIRD DISTRICT.

The Republican Conferees for the Twenty-third district will meet again at Freeport on next Monday. We respectfully suggest to these gentlemen that the bulk of their constituents are weary of their procrastination. It is clearly their duty to agree upon an acceptable candidate without further delay, or, failing therein, to turn over promptly the performance of that duty into other hands. It is well known that we prefer Mr. THOMAS WILLIAMS shall be returned to the seat he has honored by his learning, genius and fidelity. But, if the representatives of Butler and Armstrong counties are immovably determined not to consent to that, then they ought to agree among themselves what they will do, and do it forthwith. The case is completely at their disposal.

According to our understanding, the Republicans of Butler and Armstrong Counties do not so much object to Mr. WILLIAMS as to the fact that the Allegheny portion of the district has supplied the member for ten or twelve years in succession. But it seems that Butler is just as unwilling to have the member taken from Armstrong as to have him continued in Allegheny, while Armstrong is fully as decided in opposition to selecting the member from Butler county. To ask the Allegheny conferees to step in and decide the controversy between the other two counties is, under the existing circumstances, altogether unreasonable. If those counties cannot reconcile their own differences, the best thing they can do is to put Mr. WILLIAMS on the course again. If they can agree, they ought to waste no more time before doing so.

The Allegheny Conferees have suggested that the best way out of the dilemma was to submit the selection of the candidate to a popular vote. Mr. WILLIAMS is content that this should be done. If the Conferees of Butler and Armstrong cannot put aside the disagreement that exists among them so as to make a candidate without the intervention of the Allegheny Conferees, why not adopt this proposition, and let an early day be named on which the election shall be held? This is certainly fair and honorable, and no valid objection can be raised to it.

THE DEMOCRATIC GAME.

Mr. WALLACE, Senator from the Clearfield district and Chairman of the Democratic State Committee, has obtained among his co-partizans a reputation for unsurpassed adroitness in political strategy. How this reputation was acquired it is impossible to determine, for no facts with which the general public are cognizant, and no statements made by the persons who appear to believe in the genuineness of it, impart to it a color of reality. He has conducted several State canvasses in behalf of the Democrats, and though he has made a parade of mystery and given assurances of vast results in expectancy, no important results have proceeded from his engineering, except that last year by resorting to shameful and criminal frauds upon the purity of the elective franchise, he succeeded, by a meagre majority, in getting Mr. SHARSWOOD elevated to the Supreme bench; and even that would not have happened, had the Republicans of Allegheny or any one of a score of counties been as alert and vigilant as usual.

At Pottsville, a few days ago, Mr. WALLACE addressed a Convention of his party, and in doing so took occasion to develop his plan for the campaign now in progress. He said:

"I come on business, and if I can meet you as I wish, it may be productive of good. What business is more important than that which tends to the preservation of the lives and property of citizens? I ask the same attention to this in the spirit which you attend to your private business. The successful merchant attends strictly to the details of his business; likewise the mechanic and the farmer. Politics is a business; and must, if we intend to be successful, be attended to with care and fidelity. *Organize from the bottom up, not from the top down.* We must pay close attention to the details. What are those details? Simply, to write down the names of all Democrats, of all Republicans and of all doubtful voters. Have an executive committee that shall attend to this. Subdivide your election districts, and bring all the weight of your influence to bear on the doubtful ones to change them. *Go to work and don't blow about it. Do it silently. Hold your tongue about what you do. There is always some one in th locality who is weak-kneed. Go at him carefully and fix him.* I come here to urge you to this work. Don't depend on shows, processions and meetings. They don't amount to anything. Go to your executive committee and it will give you useful work to do. If you fail to make converts, why resolve to organize the Democracy and go as a phalanx to the polls. Take warning by the failing off of your vote in 1867, by Democrats staying at home. *See that every man comes to the polls on the day of the election.* Bring them if necessary. This work will tell in its influence in the coming election. Attend to the men ready to be naturalized. The chairman of the State and county committees are powerless unless you join with them and assist. If this work should be done victory will be won. I come to impress upon you the necessity of organizing. The material for the work is in the hands of the County Committee. Form clubs, and *remember if we carry the Keystone State in October, the West will go for Seymour and Blair. The turning point is October.*"

Now, we do not believe in "still hunts." Mr. WALLACE made something in that way last year; but not mainly because he and his party were "still" but because the Republicans unwisely remained much "stiller." The minority party can sometimes afford to be quiet, provided the majority party will. But the Republicans of Pennsylvania are not quiescent this year, and will not be. They have nearly perfected the preliminary work of organization, and are about ready to impart thereto the momentum that can only be secured by frequent and grand public demonstrations. The best train ever laid needs fire to make it effectual.

But, we suspect that Mr. WALLACE, under his preference for silent operations, masks a sinister design. In plain words, we think he has no expectation or purpose of carrying the State for SEYMOUR and BLAIR, but has an indistinct hope that he may secure such a Legislature as will send him to the United States Senate as successor to Mr. BUCKALEW. Such a scheme requires for its consummation a good deal of secresy and quiet. If the people shall not be aroused, it will be comparatively easy for him to colonize from strong Democratic counties into weak Republican ones, and to such a degree as to give the Democrats the Legislature, while the Republicans roll up a round majority for GRANT and COLFAX.

That is precisely the game the Democrats played in Ohio last year. Regarding the Governor as in doubt, there made their *ostensible* fight on the State officers, but directed their *secret* labors to securing doubtful and close legislative districts. With the Legislature in their possession they aimed at re-casting many of the enactments which bore the impress of Republican policy, and at securing an United States Senator in place of Mr. WADE. Upon an imperfectly full vote they succeeded. The majority of Mr. HAYS, the Republican candidate for Governor, was cut down to 2,983, but the Democrats carried both branches of the Legislature by eight majority on joint ballot. They gained the United States Senator.

A plot exposed, is most commonly a plot defeated. The Republicans know what Mr. WALLACE is about, and mean he shall not make his point. Let him remain as quiet as he will, the hunt will not be a still one.

We think, moreover, that even if he should succeed in erecting a Democratic Legislature, he would not succeed in grasping the prize he covets. But that does not concern us; nor is the point likely to be put to the proof. The Republican masses are already in motion, and will take care of the Senatorship as well as of the Presidency.

THE BURTHEN OF FEDERAL TAXATION.

The direct taxes of the United States, collected by the Revenue officers, which especially concern the people at large, are derived from licenses, incomes, watches, carriages and plate. Being curious to know the precise extent of the grievance which, according to Democratic representations, the people are subjected to, from these "oppressive burthens" we made some inquiries a few days since in the proper quarter, for the figures of the Allegheny City, or XXIIId, collection district. This district combines the populous and wealthy city of Allegheny, with the rural counties of Butler and Armstrong, and, as a whole, may be regarded as affording a fair average expression of the character and extent of this "oppressive" Federal taxation throughout the Commonwealth. We have the result as annexed, the figures showing the number of tax-payers:

Estimated Population.	*Licenses.*	*Incomes.*	*Watches, Carriage and Plate.*
Allegheny City..... 60,000	2,103	2,032	1,663
Armstrong County. 40,000	768	106	129
Butler County..... 40,000	478	27	9
Total.....140,000	3,349	2,165	1,801

It appears that the city returns one-half of the revenue for licenses, over nine-tenths of the income-tax, and very nearly the same proportion of the tax upon watches, carriages and plate. Apart from licenses, but thirty-six citizens of Butler county, with its 6,600 votes, have the slightest acquaintance with the Federal tax-gatherer, and in Armstrong, with 6,800 votes, but two hundred and thirty-five citizens, some of them females, are similarly "oppressed." And these "victims," for whom the Democracy begs the sincere commiseration of "an overburthened people," being unfortunate enough to have incomes exceeding $1,000 each, with watches, carriages, plate and other badges of privation and destitution, certainly present a very strong case for Democratic sympathy.

In the city, we find, on the other hand, the case of personal hardship to be still stronger, and the 2,032 possessors of comfortable incomes, exceeding $1,000 over legal drawbacks, and the 1,663 poverty-stricken and tax-burthened people who have gold watches, nice carriages worth over $100 each, and cupboards full of silver plate, are waiting with the most hopeful confidence in the efficiency of the appeals of these Democratic champions, for the gushing sympathy of the Democracy of the rural districts, who are to vote early and often this fall to take off this terrible load of taxation from their shoulders.

Of course, too, the 140,000 or the 150,000 population of the entire district are expected to feel deeply for the miserable fate of the 3,349 manufacturers, traders and dealers, lawyers, doctors and horse-keepers, who are thus compelled to contribute from their hard earnings to the payment of the debt incurred in the first Democratic rebellion. Query? If we are to have a second one, as promised by BLAIR and SEYMOUR, how much *less* will they have to pay? The masses of the people are entreated by these Democratic opponents of taxation, to help in removing this fearful burthen from the grocer at the next corner, the butcher in the Diamond, or the lawyer who gets from ten to fifty dollars from his client for putting on his spectacles and looking very solemnly wise. Yes, certainly, we sympathize deeply with our license-oppressed friends, but a good many of us think it well that they should be chastened a little longer with that sort of affliction.

But, seriously, the figures above quoted for one district, expressing as they do a fair average for all, show the infinite humbug of this Democratic fol-de-rol about the "burthens of taxation." We should be very glad to see all these taxes repealed. We should never have had them, had "Democracy" kept its rebel hands off from the old flag. But, such as they are, and the fruit as they are of Democratic misrule in former days, they present no foundation whatever for the hue-and-cry which Democratic assurance is making. They show that of the more than 13,000 voters in the two rural counties, but 271 have any cause whatever to heed the coming of the Federal tax-gatherer. Not over two per cent., at the most, of the mass of these voters have any occasion to trouble themselves about Uncle Sam's taxes. In the city, the per centage is somewhat larger, owing to the greater concentration of wealth and the more prevalent luxury of dress and living. And yet our Democratic apostles of popular rights would have it believed that the great body of the people, the poor as well as the rich, are ground into the dust by the oppression of taxes! The authentic figures will dispose of that story in other districts as completely as in the XXIIId, which we quote above.

STATE POLITICS.

Mr. H. L. CAKE, Republican, the present Representative in Congress from the Tenth District, has no competitor for the nomination this year.

The unanimous re-nomination of Mr. DAVID J. MORRILL for Congress by the Republicans of the Seventeenth District, was an act of wisdom, as well as a testimonial to a gentleman who has few superiors in practical ability.

On the 4th inst. Mr. THOMAS E. FRANKLIN, of Lancaster, declined being a candidate for Congress in opposition to Mr. THADDEUS STEVENS. The death of the latter gentleman may bring on a contest between Mr. FRANKLIN and Mr. DICKEY for the succession to the vacated place.

Mr. JOHN CESSNA has Franklin, Fulton and Bedford counties in his favor, which must give him the Republican Congressional nomination in the Sixteenth District. There are very few abler men in the Commonwealth than he is.

The Democrats of the Fifteenth District have re-nominated Mr. A. J. GLOSSBRENER for Congress.

Mr. WASHINGTON TOWNSEND has been nominated for Congress by the Republicans of the 7th district, in place of Mr. BROOMALL, who declined a re-election.

The Republicans of Luzerne have nominated J. S. SLOCUM for Senator, and JOHN HALE, G. W. RAND and S. H. DODSON for Assembly.

In Mifflin county the Republicans have nominated General T. F. MCCOY for Assembly; in Lebanon, JACOB G. HEILMAN.

The Republicans of Wyoming county have nominated Mr. P. M. OSTERHOUT for State Senator in place of Mr. GEORGE LANDON. Susquehanna county urges the nomination of Mr. W. H. JESSUP. This makes a triangular contest.

In the Republican Electoral ticket, as published in some of the papers, are some errors. JOHN STEWART is the candidate for the 16th district and GEORGE W. ELSER for the 17th. This latter name is sometimes erroneously printed ELDER.

TOOMBS, in his speech at Atlanta pronounced the "Lost Cause" to be "the noblest and holiest for which patriot blood was ever shed." It is not strange, therefore, that this champion of rebellion proceeded, a few moments after, to denounce reconstruction as follows:

The recognition of these measures by the Democratic Party was impossible. Every Democrat in both Houses of Congress had voted against them and declared them unconstitutional and void; the Democrats in all the State Legislatures, in local Conventions, and in every form of party action, had stamped them with just condemnation; yet, although the country had a right to expect it, the unanimous declaration of the National Convention, that these acts (so-called) were usurpations, unconstitutional, revolutionary and void, sent a thrill of joy through millions of hearts, and brought countless blessings upon the heads of the noble representatives of the fearless and indomitable Democracy.

THE Louisville *Journal* puts the Democratic view of the real issue in this clear and unmistakeable light. Speaking for the Kentucky and Southern Democracy generally, it says:

"Greenbacks are but an incident. Negro suffrage is but an incident. The gist of the matter is, shall five men, embracing the Reconstruction Committee, rule us with a rod of iron, or shall the people rule? The Radicals seek to obscure this real question. They seek to keep it out of sight. But it is embraced in the simple proposition: If Grant gets a majority of the electoral votes of the Northern States, where there is likely to be a fair election, why, well and good; but if he fails to get a majority of the Northern electoral votes, and Congress attempts to make up a deficit by a machine of its own creation in the South, then we fight. The sooner the people toe that line the better."

THE Galveston (Texas,) *News*, a Democratic print, alluding to the rumors that BLAIR expects to be President through SEYMOUR'S death or removal, says:

There are few, if any, men in the country who could beat Blair in the part of President. We like the ticket just as it is, but if it should get other end foremost in the excitement of the canvass, it would still be first rate.

BRIEF NEWS ITEMS.

—A man named Evans, a volunteer, shot his wife through the breast with a rifle last night at Toronto, Canada. She is still alive, but not expected to survive. The act was caused by jealousy.

—Mr. Long, who recently disappeared after over-drawing his bank account (fifty-six thousand dollars,) was yesterday expelled from the Open Board of Brokers, of which he was a member.

—Mr. Watts, our Minister to Austria, arrived in Washington yesterday, and waited upon Secretary Seward. He will receive his instructions to-morrow and leave for Vienna about the first of September.

—M. E. Ludgauten, a merchant of Chicago, arrived in New York, yesterday, in charge of a detective, on a charge of defrauding a firm of that city out of $6,000. He attempted an escape on the route.

—The Minister of Customs of Canada, has under consideration the prevention of the importation to Canada of cattle from the western States, in consequence of the disease reported to have broken out among them.

—The reports from the Communipaw cattle pens show that the Spanish or Texas fever is not increasing. There is no panic evident, and the spread of the epidemic has been thoroughly prevented by the sanitary officials.

—There are a good many Western grain merchants in New York borrowing money, but the rates are not affected in the least, such is the plethora of the market. Gold appears to be settling into steadiness at one forty-seven.

—The President has no idea of suspending Commissioner Rollins and preferring charges against him. Both he and Secretary McCulloch believe they will be able shortly to select some man in whose favor Rollins will resign unconditionally.

—The Baltimore and Ohio Railroad has been thoroughly repaired, and trains will run through regularly to-day. In some places the road for miles had to be relaid and located, and the work has been done with all dispatch consistent with stability.

—General Grant will not go directly to Washington on leaving Galena. When last heard from he expected to stay the Sunday following in Chicago, and after visiting several other points to spend several days at the sea-shore, probably at Long Branch.

—At Richmond a street assault took place yesterday by Lemuel Bowden on W. D. Coleman, editor of the *Enquirer and Examiner*, for newspaper remarks published about his brother, the Attorney General of the State. The parties were separated before any serious damage was done.

FATAL ACCIDENT.

A Trench Caves In—Two Men Killed—Coroner's Inquest.

A serious accident occurred yesterday, on Penn street, between Wilson and Boundary, in the Fifteenth ward, resulting in the death of Hugh Burnside and James Sweeney, who were employed by Jarvis, Hall & Co., contractors for laying the twenty inch water pipe on Penn and Butler streets through the Fifteenth ward.

The work had progressed as far as McSteen's brass foundry, between Boundary and Wilson streets, and there were twenty-six men engaged in the trench, which, at that point, was between seven and eight feet deep.

About five minutes before twelve o'clock the east side of the ditch, which we stated was between seven and eight feet in depth, and about four feet in width at the top, caved in for a distance of thirty feet.

Burnside and Sweeney, who were in the bottom of the ditch at the time, were caught by the mass of falling earth and buried in the ditch. There were several others working near them at the time, but it is supposed that all escaped except the two named. Their fellow laborers went to work immediately to extricate them from the ditch, which required fully a quarter of an hour. Both men were dead when taken out. It is probable that they were killed instantly, as the necks of both were found to be broken when the bodies were extricated. The earth through which the ditch passes at this point is of this formation: About three feet of the bottom is the natural soil of a loamy character, and upon that is a formation of broken stone, the bed of the old turnpike road, and on the top is about two feet of gravel. The ditch gave way at the bottom of the old roadbed, in consequence, it is presumed, of the earth having been excavated from under it, and the heavy weight of the loose earth which had been thrown from the ditch upon that side.

It appears that upon two former occasions since the work was commenced the sides of the ditch have caved in, but happened fortunately when there was no one working in it. Notwithstanding this warning, however, the men who were working in it appeared to have no fears as to its safety. It was the intention to have put in braces this morning, and Mr. Quinn, the superintendent had ordered the necessary timbers for that purpose from Mr. McClintock, but as they did not arrive the work proceeded as usual without them.

It was not known positively whether there were others under the earth or not, and when our reporter left the men had quit work, notwithstanding the boss had not called the roll, and he had no other way to ascertain whether there were any others buried except by throwing out the earth which had caved in.

The bodies of the deceased when taken out of the ditch were removed to M. Steen's brass foundry, on Penn street, near where the accident occurred, where the Coroner who had been notified, held an inquest.

The jury, after a short deliberation, returned a verdict of accidental death.

Burnside was about forty years of age, was married and resided on Webster street near the old Methoodist grave yard. Sweney was about thirty years of age, unmarried, and boarded at Carter's, on Boundery street.

THE *Citizen*, Halpine's paper, says in its issue after Halpine's death: "Remember—Irishmen! remember that when the noblest representative of your race lay dead in the house of his stricken family, Horace Greeley strove to secure the emolument of the vacant office which he had held to his widow and orphan children. Remember that every Republican journal in this city endorsed the proposal, and the only sheet which opposed it was the *World*." The significance of this lies in the fact that Halpine and the *Citizen* were fighting in the Democratic ranks, with the *World*, against the Republican journals.

IS YOUR DISEASE RHEUMATISM?

Many persons, supposing they are suffering from this disease, have applied Liniments, Plasters and other Rheumatic Remedies without obtaining any relief, when in fact the cause of pain is a derangement of the Kidneys. These are small organs, but very important, and any obstruction or interference with its functions are indicated by pain in the back and loins, languor and weakness, difficulty in avoiding and unnatural color of the urine. A Diuretic should t once be resorted to.

DR. SARGENT'S

Liuretic or Backache Pills

Can be relied on for these purposes; they have a direct influence on the cells of the kidneys, assists nature in relieving them of any foreign particles, and mulates them to a healthy and vigorous action

Dr. Sargent's Backache Pills

Contain nothing injurious, being composed of entirely vegetable remedies; they do not sicken nor gripe—on the contrary they act as a gentle tonic and restores tone to the system. They are recommended by all who who have tried them.

SHATTERED CONSTITUTIONS.

Our constitutions are elastic. They are not easily shattered. In fact, strictly speaking, Death alone can shatter them, for they represent the reserve of vitality, which enables the enfeebled system to react, when the pressure of disease is removed from it. But it is the fashion, when the body is weak, the circulation languid, the nerves tremulous and the mind depressed, to say that the constitution is ruined, or broken down, or shattered. In cases of the kind described, administer HOSTETTER'S STOMACH BITTERS and it will soon be seen how little ground there is for this stereotyped note of alarm. The tonic and alterative properties of the specific, rapidly diffused through the whole organization by the stimulant which forms the basis, will immediately create a favorable reaction, and this reanimating process will go on as the medicine is continued, until strength, health and mental activity are completely restored. Every day cures of this kind are accomplished. Let the debilitated invalid, when told by his condoling friends that "his constitution is shattered," have recourse at once to this strength-recruiting preparation, in which the finest stomachics and alteratives of the vegetable kingdom are represented, and he will soon be able to meet their gloomy forebodings with a confident smile, and to announce that he has taken a new lease of life under its vitalizing operation.

CURE OF FISTULA.

DR. KEYSER: I write to thank you for your kindness and scientific management of my disease, for which I called to consult you some time in January last. You will remember that I had a complication of diseases, which finally ended in a terrible fistula, which I had been advised to "let alone," on account of a harassing cough, which it was feared might fasten it on my lungs. I knew that the peculiar mode of treating diseases like mine was by a cutting operation, which, if successful at all, would naturally throw the disease upon the lungs or some other vital organ, on account of the suddenness of the cure and the immediate check to the discharge, which I believed was a salutary provision of nature to get rid of some morbid condition of the system. I feel perfectly satisfied that your method of treatment, purifying the system, and local applications to the fistulous part, must cure, if anything could, without cutting, which I find it did, and I am happy to report myself well in every particular, with sounder and better health than I have had for years. I would also add that the applications you made were almost painless, and have left me a new man, with all the energies and vigor of restored health.

Yours, gratefully, I—— C——.

HYDRAULIC
COW-MILKER.

Wanted immediately, all who are looking for business to call and examine the HYDRAULIC COW-MILKER—"a sure cure for aching hands and kicking cows." It milks the four teats of a cow at once; it imitates the calf, draws and stops drawing to swallow; it will milk any cow perfectly dry in three minutes: It is operated by hand, dog, horse or other power. One man can attend several machines, milking as many cows at once. It is simple, durable and self-adjusting; will fit any cow; milks three-teat cows as well as any; easily worked; not liable to get out of order, and has proven by practical use to be more agreeable to the cow than hand-milking. A rare opportunity is now offered to enterprising men, either to travel or locate in city or country. Call and examine for yourselves.

THE ANTI-TORNADO

RAILROAD BRIDGE

Is eminently adapted for our large western rivers, with spans of 550 feet, 80 feet above low water. It will resist the strongest winds, hurricanes, and the heaviest loaded trains will not affect it. 700 MILES

OF THE

UNION PACIFIC RAILROAD

Are now finished and in operation. 160 miles of track have been laid this spring, and the work along the whole line between the Atlantic and Pacific States is being pushed forward more rapidly than ever before. More than twenty thousand men are employed, and it is not impossible that the entire track, from Omaha to Sacramento, will be finished in 1869 instead of 1870. The means provided are ample, and all that energy, men and money can do to secure the completion of this

GREAT NATIONAL WORK,

At the earliest possible day, will be done.

The UNION PACIFIC RAILROAD COMPANY receive:

I.—A GOVERNMENT GRANT of the right of way, and all necessary timber and other materials found along the line of its operations.

II.—A GOVERNMENT GRANT of 12,800 acres of land to the mile, taken in alternate sections on each side of its road. This is an absolute donation, and will be a source of large revenue in the future.

III.—A GOVERNMENT GRANT of United States Thirty-year Bonds, amounting to from $16,000 to $48,000 per mile, according to the difficulties to be surmounted on the various sections to be built. The Government takes a second mortgage as security, and it is expected that not only the interest, but the principal amount may be paid in services rendered by the Company in transporting troops, mails, &c. The interest is now much more than paid in this way, besides securing a great saving in time and money to the Government.

IV.—A GOVERNMENT GRANT of the right to issue its own FIRST MORTGAGE BONDS, to aid in building the road, to the same amount as the U. S. Bonds, issued for the same purpose, and *no more*. The Government permits the Trustees for the First Mortgage Bondholders to deliver the Bonds to the Company only as the road is completed, and after it has been examined by United States Commissioners and pronounced to be in all respects a first-class Railroad, laid with a heavy T rail, and completely supplied with depots, stations, turnouts, carshops, locomotives, cars, &c.

V.—A CAPITAL STOCK SUBSCRIPTION from the stockholders, of which OVER EIGHT MILLION DOLLARS have been paid in upon the work already done, and which will be increased as the wants of the Company require.

VI.—NET CASH EARNINGS on its Way Business, that already amount to MORE THAN THE INTEREST on the First Mortgage Bonds. These earnings are no indication of the vast through traffic that must follow the opening of the line to the Pacific, but they certainly prove that

FIRST MORTGAGE BONDS

upon such a property, costing nearly three times their amount, ARE SECURE BEYOND ANY CONTINGENCY.

The Union Pacific Bonds run thirty years, are for $1,000 each, and have coupons attached. They bear annual interest, payable on the first days of January and July, at the Company's Office, in the City of New York, at the rate of six per cent. in gold. The Principal is payable in gold at maturity. The price is 103, and at the present rate of gold, they pay a liberal income on their cost.
The Company believe that these Bonds, at the present rate, are the cheapest in the market, and reserve the right to advance the price at any time.

Subscriptions will be received in Pittsburgh by
JAMES T. BRADY & Co., corner of Wood and Fourth Streets;
HART, CAUGHEY & Co., corner of Wood and Third Streets;
S. McCLEAN & CO., 75 Fourth Street;
PH. R. MERTZ, corner 5th and Wood Sts.;
ROBINSON BROS., 78 Fourth street;
AND IN NEW YORK
At the Company's Office, No. 20 Nassau Street, and by
JOHN J. CISCO & SON, Bankers, No. 59 Wall Street, and by the Company's advertised agents throughout the United States.

Remittances should be made in drafts or other funds par in New York, and the Bonds will be sent free of charge by return express. Parties subscribing through local agents, will look to them for their safe delivery.
A PAMPHLET AND MAP FOR 1868 has just been published by the Company, giving fuller information than is possible in an advertisement, respecting the Progress of the Work, the Resources of the Country traversed by the Road, the Means for Construction, and the Value of the Bonds, which will be sent free on application at the Company's offices, or to any of the advertised agents.

☞ **REPUBLICAN**

CITY CONVENTION.

The Republicans of the City of Pittsburgh are hereby invited to attend Primary Meetings in their respective Wards on

SATURDAY, August 15th, 1868,

Between the hours of 3 and 7 P. M., and there vote for candidates to be placed in nomination for the several city offices, viz:
One person for Mayor of said city.
One person for Controller of said city.
One person for Treasurer of said city.
The voting at said meetings will be by printed or written ballots, containing the names of the candidates voted for, each office on a ticket by itself, and the elections, as far as practicable, will be conducted in accordance with the laws and usages regulating State, county and city elections, the officers taking care to keep a correct list of all persons voting thereat.
The elections will be conducted, wherever it can be done, by the Republican election officers chosen at the last city election; and in wards where no such officers were chosen, the officers to conduct the election have been designated, as hereinafter mentioned, by the City Committee.
The Committee suggest that the officers thus designated to hold this election shall voluntarily take the usual affidavit administered to election officers under the laws of the State, so as to shut out all cause of complaint.
The election in the First and Second Wards will be held at the Public School Houses in said wards.
In the Third Ward at the Public School House.
In the Fourth Ward at the Public School House.
In the Fifth Ward in the office of the Clerk of the Orphans' Court, at the Court House, under the supervision of W. B. Neeper, George Glass and R. J. Smith, who are appointed the Board to hold said election.
In the Sixth Ward at the Public School House.
In the Seventh Ward at the Public School House.
In the Eighth Ward at the house of Henry Wilson.
In the Ninth Ward at the Public School House.
In the Tenth Ward at the house of Wm. Brown, at the corner of Penn and Mechanics streets.
In the Eleventh, Twelfth, Thirteenth, Fourteenth, Fifteenth and Seventeenth Wards, at the usual places of holding elections in said wards.
In the Sixteenth Ward at the Wigwam, corner of Pearl and Main streets, under the supervision of Noah G. Craig, Roland Smith and John C. Stewart.
In the Eighteenth Ward at the place of holding elections for what was heretofore known as the 2d precinct of Collins township, under the supervision of David Jones, David Holmes and David Kirk.
In the Nineteenth Ward at Joseph Ganster's house on the Greensburg turnpike, under the supervision of John N. Berlin, Wm. H. Morrison and James Joyce.
In the Twentieth Ward at Beitler's School House, under the supervision of Wm. H. Denniston, Geo. F. Rahauser and John R. Baum.
In the Twenty-first Ward at Wigwam (now built) in said ward, on the land of George Finley, near sand wash, on the corner of Spring street and the Perrysville road, under the supervision of A. J. Woolslayer, S. B. Ross and B. W. Morgan.
In the Twenty-second Ward at Irwin's School House, under the supervision of John R. Murdock, William Irwin and Randal Mawhinney.
In the Twenty-third ward at the usual place for holding elections in late Peebles township, under the supervision of Joseph Boals, James B. Palmer and James McKibben.
Every supporter of GRANT and COLFAX and the city nominees is earnestly invited to take part in said election, *and none other*; and the election officers are hereby respectfully urged to use all possible diligence to preserve the purity of the ballot box and secure a fair return of the votes cast.
The election officers, after the votes are counted, will make up duplicate returns thereof, one of which, with the list of voters, shall be placed in the ballot boxes, and the other taken possession of by the Return Judge; and the Return Judges of the several wards shall present the same at a meeting of Return Judges, to be held at the Common Council Chamber, on TUESDAY, August 18th, at 10 o'clock A. M., when they shall cause the same to be added together, and declare the result, the person receiving the highest vote for each office to be declared the nominee.
The Return Judges, at their meeting, will appoint the City Executive Committee to serve for the ensuing year.
The Committee desires to call the attention of the Election Boards to the following resolution, which was adopted at the last meeting of the Committee:
Resolved, That we recommend to the officers of the Primary Election the enforcement of all legal rules respecting the qualification of voters at general elections, in addition to the requirement that the voter shall be a known member of the United Republican Party.
A resolution was also passed authorizing the Election Boards to fill all vacancies occurring in the officers of their respective districts.

FINANCE AND TRADE.

OFFICE OF THE PITTSBURGH GAZETTE, THURSDAY, August 13, 1868.

Government bonds are very dull to-day, and transactions were confined to the small demand for counter use of the regular dealers, although gold has advanced rapidly last week, from 145 to 150. The market in governments did not respond to the advance, but abundance of money forces monied institutions into the market to buy bonds to employ their surplus funds. Capitalists are not purchasers of government bonds at present. The general impression is, that as soon as the drain for currency is westward, and money commands better interest, Governments will decline. For stocks, reason for an early decline is given in the entire absence of outside buyers, and the whole load of the market has to be carried by the cliques they alone sustain the market and transactions are among their own members to give the market appearance of activity.

Gold is remarkably firm and seems to have touched bottom yesterday, for a new rise which the bull clique, headed by a speculative Wall street Banker, is going to engineer. For commercial as well as for political reasons, a rise of the gold premium is inevitable; the late decline was the work of a few German bankers aided by importers who are largely short in gold; the best proof for this is in the unusual low rate of exchange, at which especially German houses sell their bills. So soon as they have sold enough exchange to cover their short gold contracts they will join the bulls and rally the market to whatever point their leader sees fit to carry it.

—The New York Stock quotations to-day as received by Mr. Ph. R. Mertz, were as follows: Gold 147⅝; 1881's, 115⅝; 5-20's, 1852, 114⅜; do 1864, 110¾; do 1865, 112⅜; do new, 109; do 1867, 109; 10-40's, 109⅜; Cleveland & Pittsburgh 87¼; Fort Wayne, 108⅜; Western Union Telegraph 33¾; Adams Express, 52; Erie, 57¼.

—Closing quotations received by James T. Brady & Co.:

Gold, 147⅜; U. S. 6's, 1881's, 115⅝; 5-20's, 1862, 114⅝; 5-20's, 1864, 110¾; 5-20's, 1865, 112½; 10-40's, 109⅜; 5-20's, January and July, '65, 109½; 5-20's, January and July, '67 109½; '68, 109½; June 7-30's, par less ¼ July 7-30's, do ¼ August 118¾; Sept, 118¼ Oct. 118; Union Pacific Railroad, 102; Central 103.

CENTRAL LIVE-STOCK MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, THURSDAY, August 13, 1868.

CATTLE.

The excitement produced last week by the cattle plague, has pretty well subsided at these yards, and while business is dull, not having fully recovered from the effects of the panic, no danger is now apprehended from that disease in this locality at least. The arrivals, as might have been expected, were very light during the week, and with a better attendance of buyers, the market although by no means active, was if anything better than could reasonably have been expected under existing circumstances. Philadelphia was pretty well represented, having a pretty full delegation, and there was also a goodly number of stock buyers from Lancaster, and other adjoining counties in the eastern part of the State. Stock Cattle, which last week did not seem to be wanted at any price, were taken by these buyers this week, at low figures, it is true. Prime fat cattle, of which there was a small supply, were in good demand, and firmer, though prices, compared with last week, have undergone no quotable change. Prime to extra shipping steers may be quoted at 7 to 7½ gross, and medium butchers stock sold at from 6¼ to 6,75. Stock cattle were taken at from 3 to 5, according to quality and condition.

We understand that some of our large shippers who had cattle in New York lost heavily, owing to the panic in consequence of the cattle disease. One firm it is said lost sixteen hundred dollars, and another party informed us that his loss would average *one hundred and sixty-five dollars per car load.* From this some idea may be formed of the panic in the east, and these losses would be very serious to almost any ordinary business man: drovers, however, are accustomed to "ups" and "downs," and they work on the basis, that what they lose one week they will make up the next.

Peter Klemen, who was so unfortunate as to have cattle in New York, last week, bought several droves of bulls. Peter says if he loses the bulls entirely his loss will not be as large as the one he sustained on good cattle in New York.

R. C. Crum sold 19 head common Penna. steers, weighing 17,275, for Hazlewood & Kerwin, to Sheller at 5,50.

Holmes, Lafferty & Co. sold 19 head of good Western Reserve Cattle, for Whittlesy to Rambo at 6,10; 19 head for Clifford, to same buyer at 6,25.

Hedges & Taylor, sold 22 head of common cattle, weighing 16,575, for McCalmont to Landis at 4,30; 24 for Watson to Stone at 4—same kind; 37 for Stotler to Evans at 3 to 4,25; 20 for Quary to Evans, at 4,75 to 5.

Steel to R. Black, 38 head of good stockers at 5,30.

Patterson to Kleman & Mayne, 18 head of fairish stock weighing 20,175 at 6,50: same to same, 50 head of prime fat cattle at 7,25.

Evans to Roth, 4 head at 6,25 to 7,25. Rose to same buyer 15 at 5 to 6.

Proctor to Taylor, 20 head of mixed stock at 5 to 7.

Aker to Hilderbrand, 21 head mixed stock at 4 to 6,25.

Lay & Lyda to McCutcheon, 43 head of common to fairish stockers at 5,50 to 4,75.

Rudolph to Evans, 20 head of mixed stock cattle at 3,25 to 4,50.

Rose to Lamb & Martin, 34 head of prime shipping steers, weighing 40,125 at 7,55.

Thompson to Hilderbrand, 44 head of pretty fair stockers at 4,75.

Phillips to Munich, 33 head of good shipping stock, weighing 39,100 at 6,75.

McCurdy to McArdle, 20 head of inferior to common at 3 to 5,25

Crawford to Evans, 21 head 5¾.

Farrall to Klemen, 22 head of common, weighing 16,350 at 5.

Sells to Evans, 21 head same as above, weighing 17,875 at 5,20.

Little to Maynes, 15 head, same as above, at 5,30

Castline to P. Klemen, 21 head bulls, at 3,25. Stone to same buyer, 22 bulls, price not named.

Kidd to Graft, 25 head of very common at $33 per head; Adams to same buyer, 20 head at 4,50.

Crabb to Yohn, 27 head weighing 18,700 at 4,50: same to same, 21 weighing 18,250 at 5.

Shamberg to Duffy, 21 head weighing 20,000 at 6.

A. Katz sold for Roenbaugh, 20 head of mixed Tuscarawas Co. Ohio stock to Rowe, at 4,75.

SHEEP.

There was an unusually large supply of sheep this week, mainly of a common and inferior order, and as a consequence the market was a very hard one for sellers. Prime fat sheep, however, were scarce, and one small bunch averaging 112 lbs brought 6 cents, and we have no doubt but what a large number of this grade of sheep could have been sold at from 5 to 6 cts if they had been here. As we have already remarked, however, the offerings were mainly of a low order and holders were obliged to sell at low prices, ranging from 2½ to 3½@3¾ cts, the great proportion of the sales having been made within the above range. As we have repeatedly remarked in these columns, it is always best for farmers and stock growers to ship their best stock, as it will always sell and bring a good price, no matter whether the market is good or bad.

Hare sold 250 head sheep averaging 83 lbs, to Jacob Landis at 4¾.

R C Crum sold 203 head for Warner, averaging 80 lbs, to A Deitrich at 2¾, 159 for Hasson to W Deitrich averaging 74 lbs at 3cts.

Jacob Rinn sold 301 head sheep for Thompson to Killenberger, averaging 79½, at 3,40.

Holmes, Lafferty & Co sold 80 head for E H Davis to Kallhaler at $1.12 per head; 183 for Brough to Bailey at 4,05; 220 for Campbell to Pearce at 3¾; 188 for Glaspey to Pidcock & Co at 4,50; 185 for Watson to Lloyd at $2,60 per head; 291 for Sargeant to Evans at 3,10; 208 for Millegan to Diller, at 3,15.

Hedges & Taylor sold 204 for Dunball to Hill at 3,60; 233 for Dunlap to Pratt at 3¾; 165 for Metzlar to Evans at 2,50; 32 for same to same at 1,25 per head; 246 for Wolfe to Lloyd at 3,40; 30 extra sheep averaging about 112 lbs for Reeves to Pidcock & Co at 6; 146 for same to same at 2½.

Pidcock & Erisman bought 125 from Kelly at 4; 232 from Gurley at 3½, 320 from Alsdorf at 4; 222 from Gatton at $699,37 for the lot. 213 from Goodwell at 2,20, 119 from Fairall at 3¾, 213 from Ruff at 315, 96 from Wadlighthe at 3¼, 297 from Horst at 3½, 168 from Smith & Co at 4,15, 114 from Shriver at 215; 207 from McKee at 3,31, 110 from Kennedy at 3¾, 182 from Donahue at 5½, 201 from Calto at 5¼.

Smith & Talmage sold 201 for Brainard to Aull & Myres at 3,45; 191 for Rockhill to Lloyd at $2,25 per head, 100 for Callahan to Pidcock & Co at $4¼, 200 for Farmer at 3.

Pancoast bought 280 from Smith at 3; 190 from Rudolph at 3;

Galton sold 204 heads to Hunchberger weighing 16,850 at 3,40.

Keeler to Lloyd 331 head weighing 25,925 at 3⅝.

Marlow to Fautz 110 head weighing 8,900 at 3,10; Rose to same buyer 188 weighing 15-350 at 3.

HOGS.

The hog market has been fairly active during the past week, there having been a fair volume of business in the aggregate, and prices have fluctuated but slightly. Light hogs, such as are shipped to New York, are a shade lower than last week, while prime fat Philadelphia hogs still command big prices, $10,50 to $10,75 gross.

Holmes, Lafferty & Co. sold 238 for Blue and Tucker to W. Hedges, at 9¾; 108 for Qnick to Crouse, Emerick & Co., at 9¼; 127 for same to same at 9¾; 36 for McFadden to same, at 9½; 122 for Blair to W. Hedges at 9½.

Hedges & Taylor sold 209 for Given to Messenger, Gillett & Co. at 9½; 306 for Gregg & L to Crouse, Emerick & Co. at 9.

C. M. Keys bought in all 635 for Baltimore at an average of 10¼.

Singer & Imhoff bought 914 for Philadelphia at $10,70 to $10,85.

Chicago Market.

[By Telegraph to the Pittsburgh Gazette.]

CHICAGO, August 13.—Flour quiet at $8,75a9,75 for spring extras. Wheat active, sales No. 1 at $1,88, and No. 2 at $1,78a1,80, closing steady at $1,70 for No. 2; this afternoon sales of No. 2 were made at $1,79a1,80 cash, and $1,71 sellers for August. Corn active and ¼a½c higher; sales of No. 1 were made at $1,02a1,02½, No. 2 at $1a1,01, and rejected at 94a95c, closing with buyers of No. 1 at $1,02¾. This afternoon No. 1 was weak at $1,02½. Oats ½c lower, with sales at 54a54½c, closing dull at inside rates; sales were made since the change at 53½c. Rye active at $1,37a1,41 for No. 1, and $1,36a1,39½ for No. 2. THE CATTLE DISEASE.

The New York *Commercial Advertiser* of the 11th says:

THE WAR AGAINST ROTTEN BEEF.

The Board of Health continues its vigilant investigation into the alleged poisoned stock of cattle brought to our abattoirs from the West. The Governors of the States of New York, New Jersey and Pennsylvania have been telegraphed, and a rigid sanitary inspection of all cattle passing eastward suggested.

The Health Board state that there need be no cause for panic. But few diseased animals, if any, have been brought over from the New Jersey side, and they have been, ere this, eaten. Thorough precautions have been taken for the future, and not only the yard at Communipaw, but those at Hudson City and Harlem, are closely watched by Board of Health officials.

Some specimens of the deceased viscera were exhibited yesterday at the Chambers of the Board. The meat, which is all tainted with the pest, is soft and wet, and discharges serum freely. A little hot water poured over it eliminates a faint disagreeable odor, and when cooked the substance looks pale and shrunken.

The present cattle plague is defined as a form of the malignant typhus, which afflicted some time ago, the great European herds on the Vistula, and in East Prussia, Russia and Poland. The term "rinderpest" applied to the diseases of those animals was a general designation, comprehending varied symptoms. Many of the diseased cattle now here are covered with ticks almost round and a quarter of an inch in length.

The N. Y. *Times* says: It is a sufficiently serious state of things if, while cattle fresh from Texas are scattered throughout the grazing districts of the West, certain death is the result to all other cattle coming in contact with them. And yet such seems to be the case, according to the accounts which now arrive from all quarters. The disease has broken out during the past few days among the cattle during their transit from Illinois to this State. Few escape seizure if the herd is once attacked, death follows with scarcely an exception, and the disease is said to become more violent in its type in proportion to the distance from its original seat in Illinois—the symptoms are more intense at Communipaw than on the prairies. The period of incubation of the disease would seem to be prolonged, as we hear of it suddenly breaking out among cattle in Massachusetts, that have been exposed for sale at Albany on their way from the West.

The *Tribune* says:

There are the gravest suspicions that this plague is not wholly new. So long ago as June, meat was sold in Washington market which had every appearance that the meat of the infected animals now presents, and we are credibly informed that as long as a year ago cattle supposed to have the Texas fever were sold from one of our yards to be butchered. That the butchers themselves now are neither surprised nor alarmed would seem evident from the fact that last Saturday they offered $55 a head for a drove of 141 cattle which were so sick that many could not stand, and they were even anxious to get them. These cattle were afterward sacrificed by being slaughtered for the hides and tallow. Much praise is given the owners for pursuing this course and sinking so much money; but whether the presence of a member of the Board of Health, or the account of the plague previously given in the *Tribune*, had any effect, is perhaps unknown. In connection, it is asserted that whole flocks of sheep afflicted with the foot-rot have been sold to the butchers of this city and slaughtered. One thing we do know, and that is, there is no inspection of meat in our great market worthy of the name, for at this very hour meat is exposed for sale which is wholly unfit for human food; for there is the green, dull, gangrenous appearance which flesh presents when surcharged with blood, or congested with the approaching stage of putrefaction; and yet it is customary for butchers to speak of such meat as being "a little mussed." Such a condition of things is, of course, absolutely appalling, and we are glad that there will be an investigation, for there is a chance of reform in many matters of less importance, but to which, in ordinary times, little or no attention could be drawn.

The Harrisburg *Guard* says: Through the Governor's recommendation, Col. Thos. A. Scott, Vice-President of the Pennsylvania Railroad Company, has established a rigid inspection of cattle at Erie and Pittsburgh. This precaution will prevent the transportation of diseased cattle through the State over the Philadelphia and Erie, the Northern Central and Pennsylvania Railroads. Colonel Scott is now giving this business his special attention, a fact which will assure the people of Pennsylvania that they will receive every possible protection from the transportation of diseased cattle into or through the State.

A Chicago dispatch says: The cattle disease has nearly died out in the infected country, mostly comprised within the county of Champaign. The cattle have mostly died out likewise. According to the estimates, three thousand deaths have occurred at four stations of the Illinois Central Railroad near Champaign. The value of the property thus destroyed is not less than $20,000. All importation of Southern cattle had been effectually stopped.

THE visit of Queen Victoria to the Continent excites the greater interest from the fact that she has hitherto kept herself so tightly shut up in her little island, never extending her excursions farther than to Balmoral. She has dropped in on Eugenie, who went down to Cherbourg to offer her a welcome to France and Paris, and immediately pushed on to Switzerland. There is doubtless a hearty desire for relief by a change in all this, but we do not think it difficult to detect under the thin disguise of rambling travel, her desire—that of a devoted lover—to visit the birth-place of her lost Albert, and to linger in those localities where he was tutored and trained, and passed his callow manhood. For this smitten Queen, who fails to find consolation for her profound sorrow in the devotion of her children, the contemplation of the early days of her husband, in the very localities so much loved by him and on which he must have descanted in her hearing so many times, will prove the balsam that is to assist in healing the hurts of her mind. She goes to Germany to study her grief in a new light—to see Albert as she never saw him before—to try to realize all that he has pictured to her of his youth in the happy past—to wrest a new pleasure from the grasp of her old wretchedness.

THE Philadelphia *Ledger* says the "best authorities write the name of our new territory Aliaska. Lippincott's Gazeteer, under the head Alaska, says 'see Aliaska,' and on turning to the page indicated, we find Aleaska or Aliashka, with the geographical description. Keith Johnson's Dictionary of Geography, edition of 1867, gives only Aliashka. The word is pronounced Al-yas-ka." The "best authorities" may as well give it up. Higher authorities—the new sovereigns of the country—have knocked the superfluous i out of its name, and that luckless vowel with the equally useless aspirate, retired in good order from the scene when the Russian Governor's wife cried her eyes out at the rushin' in of the Yankees.

COLORADO.

[Correspondence Pittsburgh Gazette.]

DENVER, COLORADO, Aug. 8, 1868.

The question which is continually recurring to a man as he rides over the rich and fertile prairies and plains of Kansas and Colorado is why any one remains in the Eastern States, who are poor, while there are millions of acres of the most productive lands on the Continent to be had by merely settling upon and cultivating them? Here in the West on its fertile prairies and plains is the place for the man with small means. The Union Pacific Railroad runs its whole length, so far as finished, through some of the most productive lands in the United States.

After leaving Abiline as one rushes in the cars over vast plains apparently dry, sunburnt and sandy he little suspects how surpassingly fat and fertile the soil really is. He must stop at some ranch and inspect closely the grains and vegetables produced in order to have a correct idea of the productiveness of the soil on the plains. At first view I thought the plains nothing but immense valleys of barren lands. Now from actual observation I know them to be the most produdtive lands I have ever seen.

Irrigation is indispensably necessary to production on the plains. When the soil is well irrigated, its luxuriant production of grains and vegetables would astonish farmers in the Altantic States.

The plains extend from near Hays City, in Kansas, to the line of the Rocky Mountains, a distance of about four huudred miles. Over this entire distance I passed without seeing a single green tree. Nothing but rolling plains as far as the eye could reach covered with short, thick-set Buffalo grass, with here and there a small stream of running water. These plains are the present hunting grounds of the Indians. Here they come for the Buffalo and the Antelope. One day I saw as I came over, several Buffalos, and I counted at one time over a hundred Antelopes grazing on the rich and nutritious grasses with which the plains are covered. The Buffalos were about thirty miles north of my route in immense herds. A stage driver told me that they often crowded so thickly upon his team that he was obliged to take his revolvers and shoot several times into the herd before he could pass along the road.

Cayotte, some seventy-five miles west of Hay's City, on the Union Pacific Railroad, E. D., has all disappeared, except a small board house inhabited by two Irishmen and a couple of "nagurs," who are engaged in digging a well for the Railroad Company. The old town had all been pulled down and moved fifteen miles further west, snd then set up again and called Monument. If the road should be continued still further west they will be again removed further along the line of the track and christened something else. It is only the same town moving further west as the road is completed, and at every stopping place assuming a different name.

Monument City is a long straggling town of one street, the houses all standing on each side of the railroad track. There are some few board buildings, looking, for the most part, like hastily constructed cow sheds. The remainder, being far the larger number, are tents, covered with cotton cloths, and of all sizes and shapes conceivable.

Here are clothing stores, provision and grocery stores, liquor stores, hotels, saloons, dance houses and billiard rooms. In and around this nondescript settlement I found about two thousand five hundred people. Railroad hands, tradesmen saloonkeepers, gamblers and roughs, and a company of soldiers, encamped about a half mile distant, whose business is to keep a sharp look-out on the Indians.

Here at this town the cars stop, it being the present terminus of the road. We arrived about ten o'clock in the forenoon. Having had no breakfast I looked up and down street on both sides and carefully selected the cleanest looking and most respectable in general appearance of the many *hotels*, stepped in and inquired if I could have some breakfast. I was informed I could "with pleasure." As soon as I had taken an inside observation I told the accommodating host that I would only require a cup of coffee. The prospect was not so very inviting I assure you. The host went to the back end of the tent and shouted to some one behind a screen of dirty calico, "Coffee for one and breakfast for one." I sat on the end of an ale keg while coffee was being prepared, for a few moments, when it was announced "breakfast ready sir." I sat upon some kind of broken log to a table constructed with boards, and covered with a greasy oil cloth. After I had seated myself and was trying to sip my coffee, a woman came from behind some curtain and sat down by my side on another box. It was for her that breakfast had been prepared, and she ate with a great deal of gusto. She was tall and not bad looking. Around her waist was a leather belt, and in it were a couple of navy revolvers. This simple fact shows more of the state of morals than I could by writing a volume.

The cars stop at Monument, but the stage for Santa Fe and Denver is still fifteen miles further west, at Sheridan—a second extension of Monument, only not nearly so large. In about ten hours after the arrival of the train at Monument, a construction train started west toward Sheridan, where we were told the overland coaches were to be found awaiting the mail and the arrival of passengers for the West and Southwest,

When the construction train was ready to start, a huge, burly Irishman, whom I took to be the conductor of the train, mounted on to a flat car loaded with railroad iron and shouted at the top of his voice, "All yes awatin till go till Santa Fe or Dinver will plaze git aboard the thrain."

We all climbed on, and the "thrain" carried us about twelve miles further toward Sheridan, and then stopped three miles from that point and left the passengers to get there with their luggage the best way they could. Some walked and some clambered into a mail wagon and rode on the mail bags.

At last all had arrived safely in Sheridan. After a very greasy and very dirty dinner in a first-class hotel, and waiting two or three hours looking at the beauties of the place, we were glad to hear, "Passengers for Santa Fe, all aboard." We all climbed in and stowed ourselves away. The driver swings his long whip in the air, it cracks like the discharge of a rifle, and we are off at a brisk trot into the broad treeless plains. Yours, ESKAIQUESNE.

SAFETY FIRE JACKET.

SECURITY AND COMFORT FOR

THE TRAVELING COMMUNITY.

J. B. HARRIS' SAFETY FIRE JACKET,

Car Heater and Moderator,

For SMOKE AND HOT AIR FLUES, dispensing with the use of Stoves and Fires in or about the Passenger or Baggage Cars, with the attachment to graduate the heat to any temperature that may be desired without the possibility of firing the car or cars to which the Jacket may be attached.

Having obtained of the United States Letters Patent for a Safety Jacket which is warranted to resist the most intense heat that may be addplied to it in the position and purpose for which it is intended. It is a sure protection from accidents by fire, originating from defective flues, or where iron pipes are used as conductors for smoke or heat. It is applicable to all piping that may become overheated, and is warranted to give perfect satisfaction where wood or other combustible material may be placed in close proximity thereto. I am now ready to apply my invention to stores, dwellings, factories, ships, steamboats, railroad cars, &c., wherever pipes as conductors are made dangerous by being overheated and security desired. I will sell, on application, rights to manufacture or to use the above invention; also, territorial rights, to such as may wish to engage in selling privileges, either by State or county.

Of Pittsburgh, in the county of Allegheny, and State of Pennsylvania, who has been adjudged a bankrupt on his own petition

CITY AND SUBURBAN.

Daily Prayer Meeting—From 12 M. to 12:30 o'clock at the Rooms of the Christian Association, No. 23 Fifth street.

Improvements.—The watch-house is being whitewashed.

Graded.—The Allegheny wharf, between the Suspension and Hand street bridges, is being graded up.

Entered on His Duties.—The newly appointed Whisky Inspector for this district entered upon his duties Wednesday.

Challenged.—The Olympic Base Ball Club has challenged the Allegheny Club to play a championship game on Friday next. The challenge has not been accepted yet.

Teacher Elected.—At a meeting of the Sixth Ward School Board last evening, Miss Agnes M. Lupton was elected a teacher for the primary department of said ward school.

Robbery at Latrobe.—On Wednesday evening some thieves broke into Poole's hardware store, at Latrobe, and stole fifty dollars from the money drawer. No clue to the perpetrators has been obtained.

Held to Bail.—John Hively, whom we noticed yesterday as having been charged with open lewdness, had a hearing before Mayor Blackmore yesterday morning and was held for a further hearing on Thursday next.

The Republicans of Mount Washington are arranging for another grand mass meeting on Saturday night. Messrs. James W. Murray, W. S. McClure, G. Pearson, H. C. Mackrell and other speakers will be in attendance.

Back Over.—On Wednesday a carter employed in hauling dirt to grade the Allegheny wharf backed his cart too far and it went over the embankment. The horse escaped with a few slight bruises, but the cart was completely wrecked.

New Wash Out.—A new wash out was laid on the corner of Ohio and Federal streets, Allegheny, on Wednesday evening. The workmen took advantage of freedom of the street from travel and performed the work at midnight.

Frost.—There was a light frost in the country at an early hour yesterday morning, not however heavy enough to do any damage. After midnight the mercury fell to a degree which would have been quite creditable to a November night.

Fire in Birmingham.—At an early hour yesterday morning the coal and oven sheds attached to the residence of Mr. Christian Gedekoh, in Birmingham, took fire from some hot ashes which were thrown under the oven and were burned to the ground

A Knock Down.—A. J. Allen made information yesterday before Alderman Taylor against Wm. M. McBride for assault and battery. Allen alleges that McBride met him in the Fifth ward and knocked him down, finishing up with a kick. A warrant was issued.

Obtaining Goods Under False Pretences.—Michael Conner alleges that Michael Mara obtained goods from him to the amount of sixty dollars by false and fraudulent representations. Mara was arrested on a warrant issued by Alderman Strain and held for a hearing.

The Nicolson.—Workmen are engaged in grading preparatory to laying the Nicolson pavement in front of a number of the private residences on the north side of Penn street, below Wayne. The pavement will be laid from the curb to the edge of the Citizens Passenger Railway track.

The Tax-Payers.—Persons who have not yet paid their State and County taxes will remember that the ten *per cent.* discount will cease on the last day of this month. Maj. Denniston, the attentive County Treasurer, will be found at his post constantly to receive the taxes and award the discounts.

Feat Accomplished.—Napoleon Young, the pedestrian, accomplished his self-imposed task of walking one hundred miles in twenty-four hours. He began on Wednesday at four o'clock and finished yesterday at three, which was an hour less than he had engaged to do it in. He felt tired after getting through.

Held for a Further Hearing.—John Bernhardt, the man who was arrested on Wednesday, charged with having foully dealt with a girl named Caroline Hoon, had a hearing before Mayor Blackmore yesterday morning. After considerable testimony had been taken the accused was committed for ten days for a further hearing.

The Forthcoming Primary Election.—All the necessary election blanks and papers to be used in accordance with the directions of the City Executive Committee, at the approaching Primary Election can be obtained by making application at the GAZETTE counting room, No. 86 Fifth street. Election officers should not fail to call and receive the blanks at once.

Assault and Battery.—Margarette Mueller made information before Mayor Blackmore yesterday charging Mary Young with assault and battery. The parties reside in the vicinity of Troy Hill, Seventh ward, Allegheny, and it appears their children got into difficulty, which was taken up by the parents, and the result was that Mrs. Young gave Mrs. Mueller a beating. A warrant was issued.

Slight Fire.—The alarm of fire in Allegheny, yesterday, was occasioned by the burning of a small hole in the roof on the rear building of the Robinson mansion, near the Suspension Bridge. The fire department were on the ground promptly but threw no water. The damage was inconsiderable and can be repaired at a few dollars cost. The fire is supposed to have originated from sparks from a chimney near by.

A Serious Charge.—A few days ago a young woman named Annie Kinney, a resident of Lawrenceville, appeared before Alderman McMasters and made information against Thomas D. Thomas, charging him with fornication. The offense is said to have been committed in December, 1867. Officer Bell arrested Thomas, who is a machinist in Altoona, and brought him to the city yesterday, where he gave bail for a hearing.

Suspicious Character Arrested.—Chief Green and officer Irwin arrested a man at the Monongahela House on Wednesday evening, who was somewhat intoxicated and had been talking in a manner to awaken suspicion. He gave his name as Shiris, then changed it to Tetley, but from papers in his possession his real name is supposed to be J. C. Martin. A couple of pawn tickets, one calling for a gold watch, were found upon his person.

Alleged False Pretence.—Andrew Kirkpatrick made information, yesterday, before Alderman Thomas against Nicholas Stewart for false pretence. Kirkpatrick resides at Sharpsburgh, but is the owner of several houses in Pittsburgh which he employs an agent to attend to. He alleges that on the 1st of April, 1868, Stewart came to his agent and represented himself as a boss carpenter, stating that he had money in bank, owned four or five hundred dollars worth of furniture, and that his son was making twelve dollars per day. By these representations he secured the house, but it is said he is naw in arrears for rent, and his representations have been found to be false. Stewart was arrested and gave bail for trial.

ALLEGHENY CITY COUNCILS.

A regular semi-monthy meeting of the Allegheny Councils was held last evening in their Chambers. In the

Select Branch

There were present, Messrs Black, Brown, Callery, English, Faulkner, Gang, Gwinner, Hall, Jahn, Krebs, Motheral, Myler, J. C. Patterson, A. Patterson, Phillips, Riddle, A. D. Smith, William Smith, Weise and President McBrier.

The reading of the minutes of the preceding meeting was dispensed with.

Mr. Jahn presented a petition asking for the grading and paving of a portion of Main street. Referred to the Street Committee.

Mr. J. C. Patterson—Petition for the grading and paving of Patterson alley. Referred to the Street Committee.

Mr. Faulkner—Petition for the improvement of Fountain street. Referred to the Street Committee.

Mr. Brown—Petition for extension of grading, paving and water facilities on Beech street. Referred to the Street Committee.

Mr. A. Patterson—Petition for improvement of Anne street. Referred.

Mr. Brown—Petition for the opening of Taylor avenue to Palo Alto street. Referred.

Mr Riddle—Remonstrance against the same. Referred with the petition.

Mr. Weise—Petition from Sheridan Hose Company asking apparatus, &c. Referred to Engine Committee.

Mr. Brown—Petition asking removal of obstruction and opening of Buena Vista street. Rejerred to Street Committee.

Mr. Myler—Petition for the paving of Race alley, from Isabella street to Ross alley. Referred to Street Committee.

Same gentleman—Petition for grading and paving of Beech alley. Referred to Street Committee.

Same gentleman—Petition for grading and paving of Ann street, Second ward. Referred to the Street Committee.

Mr. Alex. Patterson presented a communication from Jonathan Gallagher, member of the Park Committee, resigning his position, owing to business engagements.

On motion the resignation of Mr. Gallagher was accepted, and a vote of thanks returned for his services.

Mr. Myler presented the report of the viewer on the widening of McFadden street. The report was approved.

Also, report of viewer on the opening of Perry street. Approved.

Also, on opening of McDonald alley. Approved.

Also, on opening of Sedgwick street.

Upon the latter Mr. J. C. Patterson presented a protest against the award of damages, from William Brown.

The report and the protest were referred to the Street Committee.

CONTROLLER'S REPORT.

The report of the Controller. Mr. Francis, for the past month, was presented.

The recapitulation is as follows, showing the bills for the month, which are to be paid:

App. No. 3,	engines	$1,022 40
" " 5,	streets	1,701 81
" " 6,	wharves	51 85
" " 9,	contingent fund	688 88
" " 11,	water works	4,717 41
" " 13,	gas	2,220 25
		$10,261 75
Paid police		$2,455 25
" firemen		470 00
" city officers		483 32
		$3,408 57
Previously paid during year		$137,518 15
Warrants outstanding		744 23
Total to date		$151,983 70

On motion of Mr. Hall, the report of the Controller was accepted, and warrants ordered for the amounts.

The Chairman presented a communication from the Controller asking authority to return $75, amount paid by Mr. Drum for the privilege of switch on Preble street, which was afterwards denied.

Mr. Hall moved to refer to the Finance Committee.

Mr. Alex. Patterson moved to amend by authorizing the Controller to return the amount.

Mr. Hall's motion was put and lost, and Mr. Patterson's motion was carried.

The Chairman presented a communication from the City Engineer stating that the tracks of the Pleasant Valley Railway are in conformity with grades of streets. Accepted.

WATER COMMITTEE'S REPORT.

The report of the Water Committee was presented by Mr. Brown, in which they report adversely to the petition for water on Balkam street, and that it is impracticable to lay pipe on the New Troy road. They recommend the laying of pipes on Ridge, Page, Belmont and Killbuck, and Park and Sturgeon streets, and that in order the necessary connections may be made, the laying of pipe on Allegheny avenue, from Jalapa to Ridge street, and on Fulton street, from Western avenue to Page street. They also recommended the placing of a fire plug on the corner of Federal and Locust streets, and to carry these recommendations into effect, they offer resolutions authorizing the same, as follows: Water pipe, six inch, on Allegheny avenue, from Jalapa to Ridge streets, and from thence on Ridge street to the line of Fulton street continued—the same on Fulton street, from Western avenue to Page street, and from thence on Page street to a point one hundred and seventy-five feet west of Manhattan street; a four inch pipe on Belmont street, from Rebecca to Ridge street; the same on Sturgeon street, from Rebecca to Park streets, and from thence along the entire length of Park street, and the same on Killbuck street, from Craig to Corry street; and that the fire plug be erected as named above.

The Committee in conjunction with the Committe on Finance at a meeting called to consider the resolution of the Special Committee on Street Supply of Water in the city, agreed to report the following, the adoption of which is asked:

Resolved, That the Controller be and he is hereby authorized to contract with the lowest and best bidder from and after October 1st next, for a sufficient supply of 12 and 15 inch pipe in accordance with the recommendation of the Special Committee on Short Supply of Water, said pipe to be on the ground before the first day of April, 1869, and to be laid down early next spring, commencing, if possible, by the first of April, and that payments for the same shall commence from the time work shall begin on the laying of said pipe.

The Committee also offered a resolution authorizing the Controller to refund to Mrs. Ann Jones, of the First ward, $2,75 water tax assessed for the year 1867.

The report of the Water Committee was accepted.

In C. C. the resolution in regard to the laying of a twelve and fifteen inch pipe was non-concurred in and laid over for two weeks.

Mr. Motheral moved to amend the resolution so as to extend the water pipe on Fulton street to Washington street. The motion was lost.

Mr. Phillips spoke in favor of the laying of pipe on Balkam street, saying that the citizens in the First ward were urgently demanding it.

The first resolution, as reported by the Committee, was adopted.

Mr. Brown explained that there were so few houses now without water there that it would not pay to put in the pipe.

The resolution for the purchase of twelve inch water pipe, and that in reference to the refunding of $42,76 were adopted.

REPORT OF THE STREET COMMITTEE.

Mr. Myler, from the Committee on Streets, submitted a report in which, after consideration on the petition for a grade of Troy Hill road, they offer a profile but do not recommend the prosecution of the work at this time. They report adversely to the grading and paving of Grant avenue, unless petitioned for. In relation to the resolution to award the contract for grading and paving North Canal street, they say the contractor was not at fault, but the delay was from other causes. With a view to remedy the frequent flooding of Martin street and Isabella court, at the time of heavy rains, the Committee submitted the following:

Resolved, That the Street Commissioner be and he is hereby instructed to construct a sewer drop from Martin street, contiguous to Isabella court, into the old stone sewer.

The committee ask the adoption of an accompanying plan of the Sedgwick sewer, and an ordinance authorizing the construction of the same.

They submit the plan of the Federal street sewer, and with a change in the location of the same from the center to the east side of the street; recommends its adoption, as also the ordinance authorizing its construction.

The act of Assembly relating to sewers provides that all property on the line of sewers shall be assessed a special rate on the foot front, and that said rate shall be fixed by ordinance. The Committee therefore submit an ordinance fixing that rate at $2 on the foot front, and recommend its adoption.

They also recommend the adoption of a profile of the grades of alleys parallel to and at right angles with Abdill street.

They report that the work of grading and paving Fulton street will commence soon, and that the contract calls for its completion by the 15th of November.

The report was accepted.

The ordinance fixing the assessment on all lots fronting on sewers, at two dollars per foot, was finally adopted.

On the motion to adopt the ordinance providing for the construction of the Sedgewick street sewer, Mr. Alexander Patterson moved to amend by extending it to the river, and that the work be let for the whole.

The motion was lost, and the ordinance was then finally adopted.

The profile of Beech alley was adopted.

Mr. Myler offered a resolution instructing the City Engineer to lower the grade of South Canal street six inches, between Cherry alley and Chestnut street.

Mr. Riddle offered the following:

Resolved, That the Committee on City Property be requested to report the cost of enclosing the public square next the City Hall, and beautifying the same. Adopted.

Mr. Alex. Patterson offered a resolution providing for water extension on Market street and Beaver avenue, Manchester. Referred to the Water Committee.

Mr. Brown presented a communication asking for the opening, grading and paving of an alley in the rear of Jefferson street, in the Second ward. On motion, it was referred to the Street Committee, with instructions to report an ordinance.

Mr. Myler offered a resolution requiring the Park Commission to have a walk opened over the East Common. Referred to the Park Commission.

The Chairman presented the resignation of James Park, Esq., a member of the Park Commission.

Mr. English asked that the resignation might be laid over for the present, as with the resignation of both Mr. Park and Mr. Gallagher there would be no quorum in the Commission, and nothing could be done.

After a few remarks, the motion of Mr. English was put and carried, and the matter laid over.

Mr. English called up the matter of the Montgomery street sewer, and moved that the calibre be entered at a point between West street and Sandusky street, six inches.

The profile with amendment was accepted and adopted. C. C. concurred with the change making the rate of assessment per foot front $2 to agree with the general ordinance. S. C. concurred.

A resolution offered by Mr. Riddle, providing for the appointment of a Page or Messenger for each Council at a salary of $25 per year, was adopted.

Select Council concurred in all matters from Common Council.

Adjourned.

Common Branch.

Councils came to order at 8 o'clock, and in the absence of President Slagle, on motion of Mr. Eyster, Mr. McNeill was called to the chair.

At the call of the roll the following members answered to their names:

Messrs. Blair, Comley, Clark, Eyster, Groetzinger, Hanna, Hastings, Kennedy, Lindsay, Ley, Megraw, McDonald, McNeill, Ober, Reed, Richardson, Saints, Seidle, Tate, Voegtly, White, Warner, and President Slagle.

On motion of Mr. Hastings the reading of the minutes was dispensed with.

Mr. Seidle presented a petition from the citizens on the line of the Butler Plank Road, Eighth ward, for the laying of a water pipe on said road as far as the toll gate. Referred to Committee on Water.

President Slagle having arrived the chair was vacated in his favor by Mr. McNeill.

Mr. Eyster presented a petition from citizens of Madison avenue, asking for the reconsideration of the ordinance providing for the grading and paving of said street from the old city line to East street. Referred to the Committee on Streets.

Mr. Hastings presented a resolution requesting the Mayor to report to Councils, if known, the names of the persons who have poisoned dogs during the last month, and by whose authority the same was done. Mr. Hastings stated that he knew of a great many dogs being poisoned in the Third ward, and it was reported that the night police had done the work, and he wanted to see whether there was any truth in the report.

Mr. McDonald moved to lay the resolution on the table, which, after some discussion, was adopted.

Mr. Tate presented a resolution instructing the Committee on City Property to purchase a suitable case in which all papers of the Common Council could be filed away. Adopted.

Mr. Ober, a petition for water on Itin street, Seventh ward. Referred to the Water Committee.

Mr. Ober, a petition for grading of Willow street, Seventh ward. Referred to Committee on Streets.

Mr. Hanna, a petition, signed by Jno. M. Horner, asking for the privilege of allowing a frame stable built by him on his property in the First ward to remain, he being ignorant of the law against building frame structures when it was built. Referred to the Committee on Wooden Buildings.

Mr. Voeghtly a petition from citizens on Long Alley, Third ward, asking for the construction of a lamp post on the corner of said alley and East Lane. Referred to Committee on Gas.

Mr. Clark a resolution, instructing the City Solicitor and Committee on Streets to have removed the obstructions on Beuna Vista street removed. Adopted.

Mr. Comley, a resolution instructing the Committee on Markets to report upon the propriety of appointing a Meat Inspector for the city. Adopted.

Mr. McNeill, a resolution instructing the Mayor to remove the float used by night soilers, from its present moorings near the Hand street bridge.

Mr. Warner moved to amend the resolution by requiring night soilers to remove all the filth below the city limits. Adopted.

Mr. Blair, a communication signed by Robert Dilworth, asking for leave of absence for three weeks.

On motion of Mr. McNeill the request was granted.

The President presented the resignation of W. H. Dunham, a member of the Council from the Second ward. Mr. Dunham stated that continued absence from the city would prevent his regular attendance at meetings of Councils. The resignation was accepted.

The resignation of Mr. Henry Geyer, from the Seventh ward, was also presented, necessitated by his removal from the city. Accepted.

REPORT OF THE MARKET COMMITTEE.

Mr. Hanna presented the following report of the Committee on Markets.

GENTLEMEN—Your Committee on Markets beg leave to submit the following statement of the receipts of the Weighmasters and Clerk of the markets for the month of July, to-wit:

Duncan Dallas, clerk of market	$2,117,20
G. B. McNulty, weighmaster Diamond scales	165,89
J. A. M'Allister, weighmaster second ward scales	218,20
Total	$2,501,38

Respectfully submitted.

On motion of Mr. Hastings, the report was accepted.

REPORT OF COMMITTEE ON ENGINES.

Mr. McGraw, from the Committee on Fire Engines, presented their report as follows:

GENTLEMEN—Your Committee on Engines would respectfully report that they duly considered the resolution relative to procuring a gong for the Good Will Fire Company, and they would offer the following resolution to procure the same:

Resolved, That whenever the Good Will Fire Company shall have obtained a suitable place in which to place a fire alarm gong, the Chief Engineer be and is hereby instructed to procure such a gong and place it therein.

One of the General Grant horses being unfit longer for the service, we offer a resolution to dispose of him and procure another.

Resolved, That the Chief Engineer be and is hereby instructed to either sell the horse now in use by the General Grant Fire Company, which is no longer fit for service in the Department, and purchase another, or to to trade said horse for another.

Respectfully submitted.

On motion, the report was accepted and the resolutions adopted.

REPORT OF COMMITTEE ON GAS.

Mr. McDonald, Chairman of the Committee on Gas, presented their report, as follows:

Your Committee on Gas would respectfully report that they had under consideration a petition for a lamp post on the corner of Madison and River avenues, and for a lamp on the corner of Hazlet alley and Locust street; also resolutions for a lamp-post at the corner of the new Troy road and Vine street, Bidwell and Franklin streets, Allegheny avenue and Franklin street, and Pasture alley between North avenue and Jackson streets. To all of which we report favorably, fixing the location of the last named post midway between North and Taylor avenues. To authorize the erection of these lamps we offer the following:

Resolved, That the Committee on Gas be and they are hereby authorized to erect a lamp post at each of the following points, viz: corner of Madison and River avenues, corner of New Troy road and Vine street, corner of Bidwell and Franklin streets, corner of Allegheny avenue and Franklin street, and on Pasture Lane, midway between North and Taylor avenues, and to attach a lamp to the building on the southeast corner of Hezlep alley and Locust street.

Believing that the city could erect her own lamp posts at less expense than is now done for her by the Gas Company, we would offer the following resolution providing for the city doing that work hereafter.

Resolved, That it shall be the duty of the Superintendent of the Water Works to set up all gas posts hereafter to be erected or re-set, and it shall be the duty of the Street Commissioner, whenever it shall become necessary, to tear up the pavement in making the required opening in the street for the erection of a lamp post; upon the completion of the work of setting the lamp post to pave over the opening so made, and the Controller is hereby required to procure all supplies, pipe, stop-cocks, &c., &c., needed in connection with the work of setting lamps.

We would recommend the adoption of the following resolution to have the lamp posts painted:

Resolved—That the Controller be and he is hereby authorized to advertise for proposals for painting all the lamp posts in the City at the present time with two coats of black paint.

On motion of Mr. McNeill, the report was accepted and the resolutions adopted.

Mr. Hanna, presented a map and profile of a wall proposed to be erected in the lower part of the City to protect that portion of the City from being flooded by the river. The map and profile were referred to Committee on wharves and landings.

Mr. Tate presented the following resolution: *Resolved*, That the Mayor be, and is hereby instructed to issue a proclamation for the election of one member for Common Council from the Second ward, to fill the vacancy occasioned by the resignation of W. H. Dunham, member for that ward, also for the election of one member for Common Council from the Seventh ward, to fill the vacancy occasioned by the resignation of Henry Geyer, member from that ward. The resolution was adopted.

Mr. Warner moved that as the hour of adjournment (ten o'clock) had arrived, that the motion relative to adjournment be suspended in order that the Montgomery avenue sewer question might be taken up. The motion was adopted.

The plan of the Montgomery avenue sewer was then taken up and adopted.

The ordinance authorizing the construction of the sewer was then taken up and the action of Select Council concurred in, provided the special rate per foot front be fixed at two dollars instead of one dollar and seventy-five cents.

On motion, adjourned.

The Wholesale and Retail Tobacco House of John Megraw, No. 45 Hand Street.

Among the most extensive and most prosperous and well managed tobacco houses in this city prominently stands that of Mr. John Megraw, No. 45 Hand street. Possessing unusual facilities for the purchase of the natural leaf, and having all the modern machinery and apparatus for its manufacture, the trade mark of this establishment is everywhere regarded as evidence of superiority. Employing none but the most skillful and experienced workmen and employés, and carefully watching that every article which leaves his house will sustain its high reputation, it is not to be wondered at that so large a share of trade is directed towards Mr. Megraw. As an evidence of the popularity of the house, it is but necessary to say that in the single item of cigars more than six hundred thousand have been manufactured and sold during the past two months. Besides making all grades of fine and ordinary cigars, the house manufactures smoking tobacco of fine quality, the best prepared chewing tobacco, snuff &c. &c. A very fine assortment of fine meershaum, clay and wood pipes and tubes is always kept on hand together with all the accoutrements so necessary to the lover of nicotine pleasures. From long acquaintance with Mr. Megraw and with full knowledge of the superiority of his manufactures we can confidently commend him to the patronage of our readers, and bespeak for him an increase of the large share of trade he already enjoys.

Got Nothing.

Some thieves took a great deal of trouble to get into the grocery store of Mr. Hazelton, in the Diamond, on Wednesday evening, but they might as well have staid away for all they realized. Placing a ladder against a high wall in the rear of the store, by means of it they gained admittance into the yard, and from the yard through the cellar into the counting-room. They attacked the safe, and succeeded in breaking open the outer door, but the inner one resisted all their efforts, and the job had to be given up. The ladder was found the next morning against the wall, but no clue to the operators could be obtained.

[Communicated.]

Special to All Voters.

The Republicans of consolidated Pittsburgh will vote at the primary election next Saturday for candidates for three of her most important offices—Mayor, Comptroller and Treasurer. Our special object in this communication is the hope of arousing up the moral portion of our community that they go forth and do their duty in making the proper selection of sound, moral men that will fulfill the laws without fear or favor. Is our city doomed to grow worse and worse? Sabbath desecration to increase and iniquity to run down our streets like a flood without due exercise of the law? Such will assuredly prevail if you do not arise in your might and push back the rallying forces that are concentrating for this very purpose. Every pure-minded, moral Republican is responsible before God and his fellow-men for his vote on next Saturday. Let there be no growling hereafter if a wrong man is put forth and you did not go to the polls. What an amount of sorrow and shame your vote may prevent for the next coming three years. Oh! that men had moral courage ot do their duty aright, allowing no ring or clique to decoy them into their magic circle for base purposes.

No doubt the minds of nearly all have settled for whom they shall vote, but fail not to do your duty. Be careful of throwing away your votes upon those unworthy your suffrage. Be careful of those who think they should control the whole city, and put in a good Controller over them. and fail not to give a little attention to our forthcoming Treasurer.

To all Republicans, wonder no longer why it is sometimes the vote is light and sometimes overturned in Republican quarters. There is an extensive vote in Pittsburgh that will not be cast if a man is put forth who has not moral courage or determination enough to discharge his duty in the execution of the laws, and who think their only elevation to office is to be obtained from a Liquor Ring. So, in order to have a full Republican vote, let us concentrate on men with pure Republican principles, who will not shrink from the performance of duties in their office for any special clique of men in the community,

MANY VOTERS.

Terrible Fall—Man Killed.

Yesterday afternoon about half-past two o'clock an accident occurred at the trunk factory of W. J. Gilmore, No. 106 Wood street, which resulted in the death of an employé of the establishment named Frederick Sloop. It seems that Sloop was engaged in hoisting boxes into the fourth story of the building when something went wrong with the rope around the hoisting drum. Stepping forward to adjust it the unfortunate man made a mis-step and fell through the hatchway down to the first floor, alighting on a trunk and fracturing his skull in two places. Drs. Sutton and King were called in as quickly as possible, but all their efforts were of no avail, death ensuing a short time afterwards. The body was conveyed to the late residence of the deceased on First street, Third ward Allegheny. He was by occupation a trunk maker, and leaves a wife and three children.

Mayor.

EDS. GAZETTE: An opportunity is now offered to all the *Republicans* of our city to take part in the nomination of a candidate for Mayor, three candidates being in the field all of whom are generally known to our citizens. But unfortunately for our party, the contest has become so bitter between the friends of Jeremy and Brush that each declares the other cannot be elected if nominated, and a defeat of our candidate for Mayor this fall would be disastrous to our dearest interest as a people. Let us then *rally* to the *polls* and nominate *the people's candidate*, that old and tried Republican that has been so long amongst us. and admitted by all to be an upright, honest and faithful citizen, in all the relations of life. JAMES ROBB, if nominated, will secure the party vote, and be an honor to the high position. Let no one be deceived with the idea that it is too late. It is just the time, and if all the Republicans vote, JAMES ROBB can be nominated and elected triumphantly. AN OLD REPUBLICAN.

Discharged Alderman.

Alderman D. Mullin was arrested yesterday on a charge of assault and battery on oath of William Brown, before Mayor Blackmore, but in consequence of the non appearance of the prosecutor, he was discharged. It appears that the Alderman came to this city in a buggy for the purpose of taking his lady home, and driving to the door of the house at which she was visiting, left his horse and buggy standing and went in after him. While he was in the house Brown got into the buggy and drove off. The Alderman, finding his buggy gone when he came out, was slightly out of humor, and he started after Brown, who he overtook some distance from the house, and, it appears, handled him roughly, but not more so than he deserved.

Alleged False Pretence.

Margaret Deer made information yesterday, before Alderman McMasters, against a young colored man, charging him with false pretence. The prosecutrix alleges that the defendant bought a house from her for three hundred and fifty dollars, giving as a collateral security for the payment of that sum, several shares of stock in the Franklin Savings Bank, and representing that the said stock was all paid up except fifteen dollars. She alleges that she has since ascertained sixty dollars to be due on the stock, and further that the defendant refuses to legally transfer said stock over to her. A warrant was issued.

Rival Sewing Machine.

There is quite a spirited controversy going on in the newspapers concerning the merits of the different Sewing Machines in the market. Families should be cautious how they are governed by unqualified assertions of interested agents. There are some machines which have gained a standard reputation and no one should be led to purchase any machine without giving them a careful investigation. It is not sufficient that a few good families have purchased a machine of any one make, for this could be said of all of them.

A machine, to be perfectly satisfactory, should be adapted to every variety of sewing, the very finest as well as the heaviest. It should also be capable of doing its work without the unpleasant noise made by some machines. It should be simple in its construction, durable, and neat and ornamental in its appearance. We know of no machine that combines all these points of excellence better than the New Noiseless Family Machine, manufactnred by the Singer Company, and sold in this city by Messrs. Straw & Morton, corner of Penn and St. Clair streets. At all events, we would advise all to examine this machine before purchasing any other.
